OF THE CONSOLIDATED

CITY OF SAN FRANCISCO,*

IN ACCORDANCE WITH THE OFFICIAL MAPS, 1868, 1870 AND 1872.

EXPLANATORY.—The Ordinance for re-numbering the buildings of this city provides that "Market Street shall be the starting point for the numbers of all buildings fronting on the streets running therefrom in a northerly direction and also for those running therefrom in a southeasterly direction. The streets laid down in the official map of the city as forming the water front thereof shall be the starting point for numbers on all streets running westerly and southwesterly therefrom, except upon such streets running westerly commencing from Market Street, and upon all such streets, Market Street shall be the starting point for numbers. On all streets the numbers on the right hand side, starting from the point of beginning, are even numbers, and on the left hand side, odd numbers. One hundred numbers, or as many thereof as may be necessary, shall be allotted to each block bounded by principal streets; numbers 100, 200 and 300 being respectively the numbers for commencing the blocks distant one, two and three streets from the starting point on the side designated for even numbers, and numbers 101, 201 and 301, in similar manner for the opposite side of the street, throughout its extent; so that the initial figure of the number placed on a building at any street-crossing shall indicate the number of main streets such street-crossing is from the starting point. Not less than twenty feet in frontage of all vacant lots of ground shall be allowed for each number. On all cross or intermediate streets the numbering shall commence where said streets begin, and shall conform to the plan specified in this Order."

By this new decimal system of numbering buildings, the exact location of any number is readily ascertained; for example, if you want to find 624 Montgomery, it is on the east side of the block extending from Clay to Washington, which is the seventh from Market—Commercial and Merchant being private streets. Again: 825 Clay is above the eighth block from the water front, which is the one extending from Dupont to Stockton. It must be borne in mind that one hundred numbers are allowed on each block between principal streets.

Several of the principal streets have been erroneously numbered. Bryant, Greenwich, Lombard and Vallejo each vary one hundred from the official map, which has been strictly adhered to in the compilation of the present Street Directory. In every instance where an incorrect number has been used, the correct one has been included in the canvass. To prevent confusion the wrong number has been added and enclosed in a parenthesis, thus (1706). The following streets are but partially opened, and each differ materially from the plan originally laid out, viz: Clementina, Ecker, Jessie, Minna, Natoma, Ritch, Shipley, Stevenson and Tehama.

The principal streets southeast of Market, and running parallel to Fifth, have been, by an Ordinance of the city, changed, and they are to be designated hereafter numerically, as follows: Simmons to be Sixth, Harris as Seventh, Price as Eighth, Johnston as Ninth, and so on as far as such parallel streets continue.

The territory lying west of Laurel Hill and Odd Fellows' Cemetery, and generally known as the Outside Lands, has been recently surveyed, and is designated on the new official City and County Map as avenues and streets. Those running north and south are named respectively from First to Forty-ninth avenues, and those running east and west, from First Avenue to the Ocean, and parallel with Point Lobos Avenue, A to W streets. There are a few avenues and streets outside of the boundaries of the foregoing, the names of which will be found included in the Street Directory.

Reference is frequently made in the Register of Names to the following, and which are located as follows: Hoadley's Addition, situated west of Pierce and between Geary and Washington; Horner's Addition, south and near the Mission Dolores; Western Addition, west of Larkin; San Miguel Ranch, southwest and near the Mission Dolores; Bernal Heights (B. H.), near the San Bruno Road and south of the Potrero Nuevo; and University Mound Tract (U. M. T.), west of San Bruno Road, five miles from the City Hall. See also, Prominent Places, page 708.

(*a*) End or beginning of a street. (*b*) Not opened. (*c*) Fractional Blocks, one hundred numbers allowed for first two blocks. (*d*) Fronting the bay. (*e*) Street ends. (——) Street does not cross. B. H., Bernal Heights. U. M. T., University Mound Tract. S. S. F., South San Francisco. A blank is used where the number at the crossing of a street could not be ascertained.

LYON & CO.

BREWERS AND MALTSTERS.

ESTABLISHED IN 1854.

Cream Ale--XXX Ale--Porter.

We avail ourselves of this opportunity of thanking our numerous customers in all parts of the Pacific States and Territories for the very liberal patronage extended to us. Having more than doubled our capacity for the manufacture of ALE and PORTER, by the purchase and enlargement of additional extensive premises, and by the introduction of improved machinery, we, with every confidence, solicit a continuance of the support hitherto afforded us, assuring our friends and the public that their orders will always receive prompt and courteous attention. Our XXX Ale and Porter we guarantee to keep in any part of the world equally as well as the imported English, the price being about one-half.

AN ACT

TO REPEAL THE SEVERAL CHARTERS OF THE CITY OF SAN FRANCISCO, TO ESTABLISH THE BOUNDARIES OF THE CITY AND COUNTY OF SAN FRANCISCO, AND TO CONSOLIDATE THE GOVERNMENT THEREOF.—APPROVED APRIL 19, 1856.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

ARTICLE I.

SECTION 1. The Corporation, or body politic and corporate, now existing and known as the "CITY OF SAN FRANCISCO," shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the "CITY AND COUNTY OF SAN FRANCISCO;" and by that name shall have perpetual succession, may sue and defend in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold, and enjoy real and personal property, and sell, convey, mortgage, and dispose of the same for the common benefit. The boundaries of the City and County of San Francisco shall be as follows: Beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States Survey, separating townships two and three south (Mount Diablo Meridian), and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock; thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the Bay of San Francisco; thence to low-water mark on the northerly side of the said entrance, at a point opposite Fort Point; thence following said low-water mark to a point due northwest of Golden Rock; thence due southeast to a point within three miles of the natural high-water mark on the eastern shore of the Bay of San Francisco; thence in a southerly direction to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay); and thence along said first-named line to the place of beginning.* The islands in said bay, known as the "Alcatraces and Yerba Buena," and the islands in said ocean known as the "Farallones," shall be attached to and form a part of said city and county†: *provided, however*, that all rights and liabilities of the corporation heretofore and now known as the "City of San Francisco," shall survive to, and continue against, the corporations continued by this Act. The district or districts of said city and county, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said city and county, as established in this Act.—[Amendment April 18, 1857.]

SEC. 2. The public buildings, lands, and property, all rights of property and rights of action, and all moneys, revenues, and income, belonging or appertaining either to the corporation of the City of San Francisco, or to the County of San Francisco, are hereby declared to be vested in, and to appertain to, the said City and County of San Francisco, and the moneys in the treasury of said city, and in the treasury of said County of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid, and received into the treasury of the City and County of San Francisco as a part of the General Fund; or where

* The Act of the Legislature, 1874, changes the westerly boundary of Alameda County so as to include therein the entire wharf of the Central Pacific Railroad Co., thereby placing the eastern boundary of San Francisco County about five hundred feet west of the old line.

† By the Act of the Legislature, April 25, 1860, the boundaries of Marin County have been extended so as to include the islands of Los Angeles, Dos Hermanos, and Marin.

the said moneys, revenues, and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held, and disbursed for the same use, unless it is otherwise provided in this or some other Act.

SEC. 3. The records, books, and papers in the custody of the said City Treasurer, shall be handed over to and received into the custody of the Treasurer of the said city and county, and all other books, records, and papers of the said corporations shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said city and county, and shall not be withheld under any claim of a lien thereon for arrears of salaries, fees, services, or advances, nor under any other pretense whatsoever. Suits and actions may be brought and maintained in the name of the City and County of San Francisco, for the recovery of any property, money, or thing belonging thereto, or the enforcement of any rights of, or contracts with, said city and county. And from any judgment* rendered against the said city and county in any Court, an appeal may be taken by the said city and county, where such appeal is allowed by law, without the giving of any appeal bond or undertaking, or complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors and Boards of Supervisors, so far as the same are not repealed or altered by the provisions of this Act, shall be considered as applicable to officers of the said City and County of San Francisco acting or elected under this Act. Provision shall be made from the revenues of the said city and county for the payment of the legal indebtedness of the former city corporation and of the County of San Francisco. The taxes which may be levied and collected under the provisions of this Act shall be uniform throughout the said City and County of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said city indebtedness, to increase taxation beyond the rate of the county tax levied upon property in said County of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits† defined in the second section of the Act entitled "An Act to Re-incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five, and not upon such property situated without those limits.

SEC 5. Immediately after the passage of this Act, the present City Attorney, Surveyor-General, and C. K. Garrison, shall proceed to lay off the said city and county into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads, or other permanent monuments, and shall cause a map to be made representing the said districts, with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them, or a majority of them, shall be recorded in the office of the County Recorder of said city and county, and the original deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an Election Precinct.‡

SEC. 6. The provisions of this section referring to the election and terms of city and county officers have been superceded by Act of April 2, 1866, and the amendments thereto.—[*See* Supplemental Act I, page 843.] To Justices of the Peace and Constables, by Acts of March 26, and the amendments thereto, February 10, 1870.—[*See* Supplemental Act XXIX.] And to the election of Inspectors and Judges of the Election, by the Political Code, Part III, Secs. 1127-1144.

Vacancies in the office of Supervisor or School Director [Act April 29, 1857], where the term of office will not expire at the next ensuing general election, shall be then filled by an election in the proper district, for the unexpired term and for the interval between the happening of any such vacancy and the general election next ensuing; any vacancy in the office of the Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office; and any vacancy in the office of School Director [Re-enacted. *See* Article III, Sec. 13, page 856] shall be filled by appointment by the Superintendent of Common Schools, by and with the advice and consent of a majority of the School Directors then in office; and such appointees shall hold office respectively until the general election next ensuing and the election and qualification of their successors in office. But no such appointment shall be valid unless the appointee be, at the time of his appointment, an elector of the district wherein the vacancy occurred. [Amended. *See* Supplemental Act I, Sec. 4, page 843.]

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood their having taken the oath of office, given the official bond, where it is required by law, and

Merrill, who shall continue in office only until the first Monday in December, eighteen hundred and seventy-five, when he shall be succeeded by the person elected by the people of said city and county at the general election to be held that year as hereinafter provided. At the general election to be held in said city and county, in the year one thousand eight hundred and seventy-five, there shall be elected by the qualified electors thereof, three persons as Fire Commissioners, to hold office for the term of four years each from the first Monday of December of said year, who shall enter upon the discharge of their duties as such Fire Commissioners upon that date, and shall hold office until their successors are elected and qualified. SEC. 9. Said Board of Fire Commissioners shall supervise and control said Fire Department, its officers and members, subject to the laws governing the same, and shall see that the officers and members thereof faithfully discharge their duties, and that the laws, orders, and regulations relating thereto are carried into operation and effect. They shall not, nor shall either of them, or the Chief or Assistant Engineers of said Fire Department be interested in any contract pertaining in any manner to said Department, or in the sale or furnishing of apparatus or supplies for the same; and all contracts in violation of this section are declared void, and any of said persons violating the provisions of this section shall be deemed guilty of felony, and upon conviction may be punished accordingly.

It shall also be his duty to enforce the rules and regulations made from time to time, to secure discipline in said Fire Department, and he shall have power to suspend any officer or member for a violation of the same, and shall forthwith report the same to the Board of Fire Commissioners for their action. He shall diligently observe the condition of the apparatus and working of said Department, and shall, from time to time, report to said Board of Fire Commissioners upon the same, and make such recommendations and suggestions respecting it, and for securing its greater efficiency, as he may deem proper.

SEC. 11. The person elected as Clerk by said Board of Fire Commissioners shall, before entering upon the discharge of his duties, execute a bond in two or more sureties in the penal sum of ten thousand dollars, for the faithful discharge of his duties, which shall be approved by said Board of Fire Commissioners and the Mayor of said city and county, and when so approved shall be filed in the office of the Auditor. The amount of said bond may be increased from time to time, when directed by the Board of Supervisors, should they deem it necessary for the public good. SEC. 12. The Mayor of said city and county is hereby authorized to sell at private or public sale from time to time, with the approval of the Board of Supervisors, any or all of the engines, hose carriages, engine houses, lots on which such houses stand, or parts of lots (or exchange any of said lots, when in their judgment demanded by the public good), or other property which shall not be required for the use of the Department, and to execute, acknowledge, and deliver good and sufficient deeds or bills of sale for the same, paying the proceeds of such sales into the General Fund of said city and county, such proceeds to be appropriated to the purchase of lots and erection of engine houses thereon as the same may be required.

SUPPLEMENTAL IV.—*An Act in relation to Coroners in the City and County of San Francisco.*—Approved March 16, 1872.

SECTION 1. Every person elected or appointed to the office of Coroner, before he shall enter upon the duties of such office, shall take the constitutional oath of office, and give an official bond in the sum of five hundred dollars.

SEC. 2. The duties of Coroner shall be: first, to hold inquest upon the bodies of persons slain, or who shall have committed suicide, or been found dead under such circumstances as to lead to a suspicion of crime committed within the county in which such Coroner resides; second, to issue process for the arrest of one charged upon inquest with murder or manslaughter; to hold inquest on the body of every prisoner who dies in jail; and it shall be the duty of the Jailor, whenever a prisoner dies in his custody, to send for the Coroner who has jurisdiction, who shall hold inquest upon the body of such prisoner. The duties of Coroners upon inquests shall not be delegated.

SEC. 3. Whenever any Coroner shall receive notice that any person has been slain, or has committed suicide, or has died suddenly, or has been found dead under such circumstances as to require an inquisition, it shall be his duty to go to the place where such person shall be, or if the body shall have been interred, shall cause it to be disinterred, and shall forthwith summon not less than nine or more than fifteen persons to serve as jurors, to appear before him forthwith at such place as he shall appoint, and make inquisition concerning such death. The Coroner must summon the jurors in person. He shall summon none but persons duly qualified by law to serve as jurors, and no such person shall be exempt except at the discretion of the Coroner. No person shall be summoned who is related to the deceased or to any person who may be suspected or charged with the killing, nor shall any one be summoned who is known to be prejudiced for or against him; but the jurors who are selected and appear shall not be challenged by any party.

SEC. 4. Every person summoned as a juror who shall fail to appear without having a reasonable excuse, shall forfeit a sum not exceeding the sum of two hundred dollars, to be recovered by the Coroner, in the name of the people of the State, before any Justice of the Peace in the proper township, and when collected to be paid into the County Treasury for the use of the county.

SEC. 5. When six or more of the jurors attend they shall be sworn by the Coroner and charged by him to inquire how and in what manner and when and where such person came to his death, and who such person was, and into all the circumstances attending such death, and to make a true inquisition according to the evidence offered to them or arising from the inspection of the body.

SEC. 6. There shall be but one inquest upon a body, unless that taken be set aside by the Court; and there shall be but one inquest held upon several bodies of persons who were killed by the same cause and who died at the same time. Whenever it shall appear that an error in the identity of the body has been made by the jury, it shall be discretionary with the Coroner to call another inquest upon the body without reference to the Court, and a memorandum of the error shall be entered upon the erroneous inquisition.

SEC. 7. After the jury have been sworn and charged by the Coroner, they shall go together with the Coroner to view and examine the body of the deceased person. They shall not proceed upon the inquest until they have so viewed the body. After the jury have viewed the body they may retire to any convenient place to hear the testimony of witnesses and deliberate upon their verdict. For this end the Coroner may adjourn the inquest from time to time, as may be necessary.

SEC. 8. The Coroner may issue subpenas for witnesses, returnable forthwith or at such time and place as he may appoint therein, which may be served by any competent person by reading the same to the witness or informing him or her of the contents thereof, and such witness shall not be entitled to any fee for attendance. Every person served with such subpena shall be liable to the same penalties for disobedience thereto, and his attendance may be enforced in like manner as in case of subpenas issued by a Justice of the Peace.

SEC. 9. The Coroner shall summon and examine as witnesses every person who, in his opinion or that of the jury, has any knowledge of the facts, and he may summon a surgeon or physician to inspect the body and to give a professional opinion as to the cause of death; and if it shall be necessary, the Coroner may cause a *post mortem* examination or chemical analysis to be made, and the expense of such examination or analysis shall be a county charge, to be fixed by the Board of Supervisors.

SEC. 10. Witnesses produced shall be sworn by the Coroner, and the whole of the testimony shall be reduced to writing by the Coroner, or under his direction, and signed by the witnesses in the presence of the jury, and each deposition shall have a jurat attached. The jury, after hearing all the testimony offered before them, shall retire as jurors in other cases and deliberate upon their verdict, suffering no one, not even the Coroner, to mingle with them in their deliberations; but they may, as in the case of jurors in the Courts of law, take the opinion of the Coroner upon any question of law that may arise upon the investigation.

SEC. 11. The Coroner may call upon the District Attorney to assist him in the examina-

tion of witnesses, and the jurors may put any proper question to the witness, but the party suspected or charged with the crime shall have no right to produce witnesses on the inquest, or to cross-examine those produced on behalf of the people by himself or counsel; nor shall it be necessary that he be present during the examination. But it shall be the duty of the Coroner to examine any witness who he may have reason to believe may know anything concerning the matter pertinent to the inquiry, and to put to any witness any proper and pertinent question that such person may desire. Such party suspected or charged, however, may be attended by counsel on the inquest, to advise with him as to his right in answering any question that may be put to him when under examination. If the party accused of the crime be present at the inquest, and is then charged with the crime, or the testimony tends to criminate him, and he is called upon by the Coroner to testify, it is the duty of the Coronor first to inform the accused that he is at liberty to refuse to answer any question that he may put to him, otherwise his answer on such examination cannot be read in evidence against him when on trial for the offense. But if such person is not under arrest or charged with the crime, his answer may be given in evidence against him on his subsequent trial for the crime charged, though the Coroner may not have so advised him of his rights. The jury must hear all the evidence offered before them, whether it be in favor of or against any party suspected of the killing.

SEC. 12. Upon the investigation the Coroner's jury shall not be limited in their inquiry like a jury upon the trial of one charged with a crime, their duties shall be to determine if a crime has or has not been committed; and if a crime has been committed, who perpetrated or caused the same to be perpetrated, and all the circumstances attending it; and any proper testimony tending in any degree to throw light upon the subject may be properly given. Matters of opinion, except of professional witnesses, or hearsay evidence, shall not be permitted.

SEC. 13. When the jury shall have agreed upon a verdict they shall reduce their inquisition to writing, which writing shall show before what Coroner the same was taken, and that the same was taken upon the oath of good and lawful men of the county who were first duly sworn; and it must also show by whom and when the same was executed. They shall also find and certify how or in what manner and when and where the person so dead came to his death, and all the circumstances attending such death; and if a crime has been committed in the case, who were guilty therof, either as principal or accessory, and in what manner. The jury shall not be required to find who were accessories after the fact—only those before the fact. If the person who is found dead is unknown, or the person who caused the death is unknown, the jury shall so find; and they shall find if the fact so appears before them, whether the killing was accidental or suicide, murder or manslaughter, excusable or justifiable homicide; and if the manner of the death is unknown they shall so state. Such inquisitions shall be signed by such jurors, and the Coroner shall certify the fact that the inquest was held, and indorse under the verdict his approval or non-approval of the same.

SEC. 14. It shall not be necessary that the jury should be kept together until they have agreed upon a verdict. If there shall appear any irreconcilable opinion as to any material fact concerning which they are to make inquest, the jurors agreeing may find accordingly, and two or more inquisitions may be presented.

SEC. 15. If the jury find that any murder or manslaughter has been committed, the Coroner shall bind over the witnesses against the accused to appear and testify at the next Court or Grand Jury, or before any Court in which an indictment for such offense can be found and triable that shall be held in the county, and obey all orders of said Court in the premises. Such recognizance shall be in writing, and shall be subscribed by the parties to be bound thereby. Said recognizances shall be made payable to the people of the State of California. The amount of the same shall be fixed by the Coroner, County Judge, or by the District Attorney, and approved by the County Judge or any of the Judges of a Court of Record; and in case of their refusal to sign such recognizance, the Coroner shall have power to commit such witness as in the case of examination of criminals by a magistrate.

SEC. 16. The testimony of all witnesses examined before a Coroner's jury, together with the inquisition of the jury, and all recognizances taken by such Coroner, shall be returned by him forthwith to the County Clerk of his county.

SEC. 17. The Coroner shall have the same power on all investigations or inquests as are allowed by law to Judges of Courts of Record in this State to preserve order in the matter of investigations before him; and for any disrespect shown towards him or contempt of his authority in his investigations by any juror, witness, or other persons, he shall have power to issue an order for the arrest of said person or persons, and forthwith to have such person or persons brought before the Police Judge or County Judge of his county, to be punished according to law.

SEC. 18. Any juror, witness, or other person summoned as juror, witness, or any other person who may be in attendance on any official investigation, who shall use any disrespectful language toward said Coroner, or behave disrespectfully toward said Coroner in his presence, shall be declared guilty of contempt, and shall be liable to pay a fine not to exceed one hundred dollars, or be imprisoned in the County Jail of said county not to exceed sixty days; said imprisonment to be enforced by any of the magistrates named in the preceding section, upon the warrant of the Coroner, as provided for in the last section.

L. W. KENNEDY, General Insurance Agent, Fire, Marine, and Life, 411 California St.

SEC. 19. If the Coroner's jury find that any murder or manslaughter has been committed, and the person charged with such offense be not in custody, the Coroner shall have power to issue process for the arrest of the person charged. The warrant of arrest must be under the hand of the Coroner, and must recite the finding of the jury upon the inquest, and be directed to the Sheriff, or to any Constable, Marshal, or Policeman of the county, and commanding the officer to whom it shall be directed forthwith to take the person accused of having committed such offense, and to bring him before a committing magistrate, to be dealt with according to law. The warrant of the Coroner shall be served in the same manner and in the same places as criminal process issued by a Justice of the Peace in any county of the State, without indorsement by a magistrate of such county.

SEC. 20. When the inquest shall be held by the Coroner, and there shall be no friends to take charge of the body of the deceased, it shall be the duty of the Coroner, after the same has been viewed by him and the jury, to see that it is properly buried; and in case there shall not be sufficient property belonging to the deceased to pay the necessary expenses of such burial, such expense so incurred shall be a legal charge upon the county. The Coroner shall be entitled to receive two dollars out of the County Treasury for attending to the burial of such dead body.

SEC. 21. It shall be the duty of the Coroner to take charge of all money and other valuable things which may be found with or upon the bodies of persons on whom inquests shall be held, when there is no other person legally entitled to take charge of the same; and every such Coroner shall, within thirty days after the holding of such inquest, deliver over to the Treasurer of the county all such money or valuable things which have not been claimed by legal representatives of the deceased.

SEC. 22. For a failure on the part of the Coroner to perform such duty required by the last section, or any of the duties required by this Act, he shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding five thousand dollars, or imprisonment in the County Jail not to exceed one year, and shall be liable on his official bond for any and all moneys, chattels, and property which shall be found on said deceased, and which shall or may come into his possession belonging to said deceased; the same to be recovered in the name of any party who may be entitled to recover the same in any Court having jurisdiction thereof.

SEC. 23. Upon the delivery of money so found to the Treasurer, he shall place it to the credit of the county. If other property, and perishable in its nature, he shall within thirty days sell the same at public auction, upon reasonable public notice, and shall in like manner place the proceeds to the credit of the county. Other property shall only be sold upon the order of the County Judge. If the said money or property in the treasury be demanded within six years by the legal representative of the deceased, the Treasurer shall, upon legal showing, after deducting the fees and expenses of the Coroner and of the county in relation to the matter, pay the balance thereof to such legal representative.

SEC. 24. Before auditing and allowing the accounts of the Coroner, the Supervisors of the county shall require a statement from him in writing, containing an inventory of all money and other valuables found with or upon all persons upon whom inquests shall have been held, and the manner in which the same has been disposed of, verified by the oath or affirmation of the Coroner making the same that such statement is in all respects just and true, and that the money and other articles mentioned therein have been delivered to the Treasurer of the county, or to the legal representatives of such person or persons.

SEC. 25. The Coroner shall perform the duties of Sheriff in all cases when the Sheriff is interested or otherwise incapacitated from serving. Whenever the Coroner acts as Sheriff he shall possess the powers and perform all the duties of the Sheriff, and shall be entitled to the same fees as are allowed by law to the Sheriff for similar services.

SEC. 26. If the office of Coroner be vacant, or he be absent or unable to attend, the duties of his office may be performed by any Justice of the Peace of the county, with the like authority and subject to the same obligations and penalties as the Coroner.

SEC. 27. The Coroner of the City and County of San Francisco, in addition to the duties imposed by this Act upon every Coroner, shall keep a record of all inquests held by him, with a copy of all testimony and the inquisition of the juries in full; and in case of loss of the original records, the same shall be admissible in evidence with like effect as the original would have been.

SEC. 28. The Coroner of said city and county shall be authorized to appoint a Clerk, who shall be sworn to act as Deputy Coroner in all matters, except those duties on inquests which have been forbidden to be delegated by this Act. The salary of said Clerk shall not exceed one hundred and fifty dollars per month, which shall be paid from the Special Fee Fund of the said city and county. [An additional Clerk is authorized by Act of the Legislature, approved March 28, 1874, to be appointed by the Coroner, at a salary of one hundred and fifty dollars per month.] The Coroner of said city and county shall be authorized to appoint a Messenger, whose duty it shall be to have charge of the dead wagon, keep in order the Morgue, and perform such other duties as are required by the Coroner or his Deputy in connection with

SEC. 29. The Board of Supervisors of City and County of San Francisco are hereby authorized to provide a suitable office and jury room and Dead House or Morgue, with the furniture necessary to enable the Coroner to efficiently discharge the duties of his office and to make the necessary appropriation therefor. In the suppression of any riot, public tumult, disturbance of the public peace, or organized resistance against the laws or public authorities, in the lawful exercise of their functions, he shall have all the powers that now are or may hereafter be conferred upon Sheriffs by the laws of this State; and his lawful orders shall be promptly executed by all Police Officers, Watchmen, and Constables, in the said city and county; and every citizen shall also lend him aid, when required, for the arrest of offenders and maintenance of public order.

SEC. 22. All fines imposed by the Police Judge's Court, Court of Sessions* of said city and county, or any Justice's Court, shall be paid into the treasury thereof, as part of the Police Fund; in cases where, for any offense, the said Courts are authorized to impose a fine or imprisonment in the county jail, or both, they may instead thereof sentence the offender to be employed in labor upon the public works of said city and county, for a period of time equal to the term of imprisonment which might be legally imposed, and may, in case of imposing a fine, embrace as a part of the sentence that, in default of payment of such a fine, the offender shall be employed to labor on said public works at one dollar a day till the fine imposed is satisfied. SEC. 23. The Chief of Police, in conjunction with the President of the Board of Supervisors and the Police Judge, the concurrence of two of them being necessary to a choice, shall appoint four captains of Police, each from a different district, and as many Police Officers, not exceeding one hundred and fifty [*see* Supplemental Act VIII, page 854], as the Board of Supervisors shall determine to be necessary.† Thereof an equal number in proportion to population, as near as may be, shall be selected from each district that shall be situated, wholly or partly, within the limits specified in section second of the Act now repealed, entitled "An Act to Incorporate the City of San Francisco," passed May sixth, one thousand eight hundred and fifty-five.‡

SEC. 24. No person can be appointed Captain of Police or Police Officer unless he be a citizen of the United States and of this State, and a resident and a qualified voter of the city and county; and, in case of each Police Officer, a resident of the district from which he is chosen, and also, before his appointment, shall produce to the said President of the Board of Supervisors, Chief of Police, and Police Judge, a certificate, signed by at least twelve freeholders and qualified voters of the said city and county, who, in case of application for appointment of a Police Officer, must also be a resident of the district from which he is to be appointed, stating that they have been personally and well acquainted with the applicant for one year or more, next preceding the application, and that he is of good repute for honesty and sobriety, and they believe him to be, in all respects, competent and fit for the office. All the certificates so produced shall be carefully preserved in the office of the Chief of Police.

SEC. 25. Police Captains and Officers may be suspended from office by the Chief of Police, and with the concurrence of the President of the Board of Supervisors and Police Judge removed from office for official negligence, inefficiency, or misconduct, under such general rules and regulations, not contrary to law, as may have been established by the Board of Supervisors. grading of any street mentioned in section three of this Act, unless the majority of the frontage of the lots and land fronting on the work proposed to be done, and described in said resolution, or which is to be made liable for such grading, except public property, shall have been represented by the owners thereof, or by their agents, in a petition to the said Board of Supervisors, stating that they are the owners and in possession, or agents of the lots named in the petition, and also requesting that such improvements or street work shall be done; and for any other character of street improvements the Board of Supervisors shall have power, without petition of the property owners, to give the notice prescribed in this section to be published in the manner hereinbefore provided, and to order the said work to be done. All owners of lands or lots or portions of lots, who may feel aggrieved, or have objections to the ordering of the work described in said notice, or who may have objections to any of the subsequent proceedings of the said Board of Supervisors in relation to the work mentioned in such notices of intention, or may have any objections to any of the acts of the Superintendent of Public Streets, Highways, and Squares of the City and County of San Francisco, in the discharge of any of the obligations or duties imposed upon him by virtue of his office, shall file with the Clerk of the said Board of Supervisors a petition or remonstrance, wherein they shall set forth in what respect they feel aggrieved, or the acts or proceedings to which they object, which petition or remonstrance shall be passed upon by said Board of Supervisors, and their decision thereon shall be final and conclusive; but said Board of Supervisors shall not order the work described in said notices to be done unless all objections and protests that may have been presented and filed as aforesaid shall have been by them disposed of. Should the owners or agents of more than one half in frontage of the lots and lands fronting on the work proposed to be done, and designated in said notice or resolution, or liable to be assessed for work, file with the Clerk of the Board of Supervisors written objections against any grading described in said notice, at any time before the expiration of the publication of said notice of intention and his publication thereof as hereinbefore provided, then and thereupon the said Board of Supervisors shall be barred from proceeding further for the period of six months, and the said Board of Supervisors shall not renew the notice of intention for doing any grading so protested against within six months, unless the owners or agents of a majority of the frontage of the lots and lands fronting on said grading or liable to be assessed therefor as aforesaid, shall petition anew for the work to be done. At the expiration of any notice of intention, the Board of Supervisors shall be deemed to have acquired jurisdiction to order any work to be done which is authorized by section three of this Act, except as hereinbefore provided; and it is further provided, that where any public street shall have been graded, or graded and macadamized, or graded and paved, for the distance of two or more blocks upon each side thereof of any one or more blocks or crossing of a street which is not improved, it shall be the duty of the Board of Supervisors, upon the recommendation of the Superintendent of Public Streets, Highways, and Squares, to order the notice provided in this section to be given without the petition provided first aforesaid; and if the owners of three fourths of the frontage of the land and lots fronting on such portions of said streets to be graded or improved shall, within the time prescribed in said notice, file written objections to the improvement of the said street, the Board of Supervisors shall duly consider said objections before ordering said work; and if said Board of Supervisors shall decide and declare by an entry in the minutes of said Board of Supervisors that the objections so made are not good, thereupon the Board of Supervisors shall be deemed to have acquired jurisdiction to order any such street work to be done that is prescribed in said notice and in section three of this Act: *provided, further*, that when one half or more of the grading, planking, macadamizing, paving, sidewalking, or sewering of any one street lying between two main street crossings has been already performed, the Board of Supervisors may order the remainder of such grading, planking, macadamizing, paving, sidewalking, or sewering to be done, notwithstanding the objections of any or all of the property owners.

SEC. 5. The owners of more than one half in frontage of lots and lands fronting on any street, lane, alley, place, or court mentioned in sections one and two of this Act, or their duly authorized agents, may petition the said Board of Supervisors to order any of the work mentioned in section three of this Act to be done. And the said Board of Supervisors may order the work mentioned in said petition to be done, after notice of their intention so to do has been published, as provided in section four of this Act. No order or permission shall be given to grade or pile and cap any street, lane, alley, place, or court, in the first instance, or any portion thereof, without extending and completing the same throughout the whole width of such street, lane, alley, place, or court. When any such work has heretofore been done, or when any such work shall hereafter be done in violation of this section, neither the lots, or portions of lots, in front of which such work has been or may be done hereafter, nor the owners thereof, shall be exempt from assessment made for the payment of the work afterward done to complete said street, lane, alley, place, or court, to its full width, as provided in section eight of this Act.

SEC. 6. Before the awarding of any contract by the Board of Supervisors for doing any work authorized by section three of this Act, the Clerk of the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Public Streets, Highways, and Squares, and also published for five days, inviting sealed proposals for the work con-

templated; which notice shall specify the time within which said work is to be performed, and shall contain specifications to be furnished by said Superintendent of Public Streets, Highways, and Squares, substantially in the manner now adopted by the said Clerk of said Board of Supervisors; and all notices, resolutions, and orders required to be posted or published, under the provisions of this law, shall be posted or published, or both posted and published, as the law may require, by said Clerk, as a matter of course, and without any special direction or authority from the said Board of Supervisors. Prior to the publication of the notice hereinbefore provided, the Superintendent of Public Streets, Highways, and Squares shall furnish specifications for the performance of any and all street work ordered by the Board of Supervisors, and authorized by section three of this Act, in which specifications shall be given and the time within which the contract must be completed. All proposals shall be delivered to the Clerk of the Board of Supervisors, and said Board of Supervisors shall, in open session, open, examine, and publicly declare the same, and shall award said work to the lowest responsible bidder; and all bids shall be for a price payable in gold coin of the United States: *provided*, said Board of Supervisors may reject any and all bids, should they deem it for the public good; and also may reject the bid of any party who may be proved delinquent or unfaithful in any former contract with said city and county. And if all bids shall be rejected, the said Board of Supervisors shall direct the Clerk of said Board of Supervisors to again post said notice, and publish the same, as in the first instance. All proposals shall be accompanied with a check, payable at sight, on a bank or banking house in said city and county, duly certified, for the sum of five hundred dollars, United States gold coin, payable to the order of the Clerk of the Board of Supervisors, and to be approved by him; and if the bidder, to whom the contract was awarded, shall, for ten days thereafter, fail or neglect to enter into a contract, as hereinafter provided, and to commence said work within five days thereafter, it shall be the duty of said Superintendent of Public Streets, Highways, and Squares, to certify such failure on the part of said bidder, to the Clerk of the Board of Supervisors, who shall thereupon draw the money due on said check and pay it over to the Treasurer of the City and County of San Francisco, to be by him placed to the credit of the Street Department Fund. *It is further provided*, that all persons, owners included, who shall fail to enter into any contract as herein provided, or to complete the contracts entered into, are hereby prohibited from bidding a second time for the same work; and in case of owners, they are hereby prohibited from electing to take the same work a second time, and from entering into any contract concerning the same. Notice of such award shall be published for three days (Sundays and non-judicial days excepted), and within five days after the first publication of said award, the owners of a majority of the frontage of lots and lands liable to be assessed for said work, or their agents, and who shall make oath that they are such owners, or the agents of such owners, may elect to do the said work, and enter into a written contract to do the whole work at the price for which the same is awarded, upon giving the bond, as hereinafter provided; and they shall commence said work within fifteen days from the first publication last abovementioned, and shall prosecute it diligently and continuously and complete it within the time limited in the contract, or within any extended time; but should the said contractor or the property-owners fail to prosecute the same diligently or continuously, in the judgment of said Superintendent of Public Streets, Highways, and Squares, or complete it within the time prescribed in the contract, or within such extended time, then it shall be the duty of said Superintendent of Public Streets, Highways, and Squares, to report the same to the Board of Supervisors, who shall, without further petition on behalf of the property owners, order the Clerk of the Board of Supervisors to advertise for bids, as in the first instance, and re-let the contract in the manner hereinbefore provided. *And it is further provided*, that all contractors for street work shall, at the time of entering into said contract, execute a bond payable to the City and County of San Francisco, with two or more sureties, in the sum of not less than one thousand dollars, and in such additional amount as may be fixed by said Superintendent of Public Streets, Highways, and Squares, conditioned for the faithful performance of said contract; and said sureties shall justify in double the amount of the penalty fixed in said bond; such sureties to justify before said Superintendent of Public Streets, Highways, and Squares, or his Deputy, and the qualifications and responsibility of such sureties shall be the same as are now prescribed for sureties on the official bonds of the officers of said City and County of San Francisco. *And it is further provided*, that all contractors for street work, at the time of entering into contract, and giving the bond as hereinbefore provided shall, in addition, execute a proper bond, with two good and sufficient sureties, who must be freeholders of said City and County of San Francisco, in the sum of five hundred dollars (said sureties to justify in double the amount), conditioned, that in case of the non-fulfillment of the contract, said sum shall be sued for and collected, as liquidated damages to said City and County of San Francisco, for such failure and neglect; and it shall be the duty of the City and County Attorney to sue for and collect said sum in any Court of competent jurisdiction, and pay the same into the City and County Treasury to the credit of the Street Department Fund.

SEC. 7. The Superintendent of Public Streets, Highways, and Squares is hereby authorized in his official capacity to enter into all written contracts, and to receipt all bonds authorized by this Act, and to do any other acts, either express or implied, that pertain to the Street

Department under this Act; and said Superintendent of Public Streets, Highways, and Squares shall fix the time for the commencement and completion of the work under all contracts entered into by him, and may extend the time so fixed from time to time, under the direction of the Board of Supervisors; and it shall be the duty of the Superintendent of Public Streets, Highways, and Squares, on the execution of a contract to perform street work, or on the passage of a resolution by the Board of Supervisors directing an extension of time to be granted to complete a contract, to cause the same to be recorded in the office of the County Recorder of the City and County of San Francisco, and in issuing a certificate of an extension of time to be recorded, and to specify in the same the number of the resolution of the Board of Supervisors, the date thereof, and the number of days granted for completion of the contract, a general description of the work, with the date of indorsement of said extension upon the original contract; and prior to the execution of a contract, and prior to granting or indorsing upon a contract as aforesaid any extension of time, to collect from said contractor or his assigns the sum of three dollars for each contract, and the sum of fifty cents for each and every extension of time. And the County Recorder of the City and County of San Francisco, shall cause books of record to be prepared, to be entitled "Record of Street Contracts," in which all contracts for the performance of street work, and all extensions of time granted by the Board of Supervisors, as certified to by the Superintendent of Public Streets, Highways, and Squares, shall be recorded; said books to be properly arranged and indexed, so as to facilitate reference thereto; and for each contract so recorded said County Recorder of the City and County of San Francisco shall charge and collect the sum of three dollars, and for each extension of time the sum of fifty cents; and in all cases where said Superintendent of [Public] Streets, Highways, and Squares, under the direction of said Board of Supervisors, has extended the time for the performance of contracts, the same shall be held to have been legally extended. The work provided for in section three of this Act must in all cases be done under the direction and to the satisfaction of the Superintendent of Public Streets, Highways, and Squares, and the materials used shall be such as are required by the said Superintendent of Public Streets, Highways, and Squares; and all contracts made therefor must contain this condition, and also express notice that in no case (except where it is otherwise provided in this Act) will the City and County of San Francisco be liable for any portion of the expense, nor for any delinquency for persons or property assessed. The assessment and apportionment of the expenses of all such work in the mode herein provided shall be made by the said Superintendent of Public Streets, Highways, and Squares.

SEC. 8. *Subdivision One*—The expenses incurred for any work authorized by section three of this Act shall be assessed upon the lots and lands fronting thereon, except as hereinbefore specially provided; each lot or portion of lot being separately assessed in proportion to its frontage, at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvements (except such as done by contractors under the provisions of section fourteen of this Act) until the streets, street crossings, lanes, alleys, places, or courts are formally accepted, as provided in section twenty-one of this Act, shall be assessed upon the lots and lands as provided in this section, according to the nature and character of the work, and after such acceptance the expense of all work thereafter done thereon shall be paid by said City and County of San Francisco out of the Street Department Fund.

Subdivision Three—The expenses of work done on main street crossings, except such as are provided for in subdivision eight of this section, shall be assessed upon the four quarter blocks adjoining and cornering on the crossings; and each lot or part of lot, in such quarter blocks, fronting on such main street, shall be separately assessed, according to its proportion of frontage on said main street.

Subdivision Four—Where a street terminates at right angles in another main street, the expense of the work done on one half the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of the said street, upon the lots fronting on the latter half of the street opposite such termination.

Subdivision Five—Where any small or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all the lots or portions of lots halfway on said small streets, to the next crossing or intersection, or [to] the end of said small or subdivision street, if it does not meet another.

Subdivision Six—The expense of work done on the small or subdivision street crossings, shall be assessed on the lots fronting upon such small streets on each side thereof, in all directions, half way to the next street, place, or court, on either side, respectively, or to the end of such street, if it does not meet another.

Subdivision Seven—When a small street, lane, alley, place, or court terminates in another street, lane, alley, place, or court, the expense of the work done on one half the width of the street, lane, alley, place, or court, opposite the termination, shall be assessed upon the lots fronting on such small street, lane, alley, place, or court so terminating, according to its

frontage thereon, half way on each side, respectively, to the next street, lane, alley, place, or court, or to the end of such street, lane, alley, place, or court, if it does not meet another, and the other half of the width upon the lots fronting such termination.

Subdivision Eight—The maps now in the office of the Superintendent of Public Streets, Highways, and Squares, showing the street crossings or spaces formed or made by the junction or intersection of other streets with Market Street, other than at right angles; also showing other street crossings adjoining fractional or irregular blocks (all of which crossings or spaces are colored on said maps, and numbered from three to one hundred and fifty, inclusive), and heretofore certified by said Superintendent of Public Streets, Highways, and Squares—one adopted by a resolution of the Board of Supervisors (number fifteen hundred and seventy-eight), approved on the sixteenth day of December, eighteen hundred and sixty-one, and the other adopted by a resolution of the said Board of Supervisors (number three thousand two hundred and eighty-four), approved on the twenty-first day of March, eighteen hundred and sixty-four, which resolutions are copied on the face of said maps, respectively—shall be deemed and held to be official maps for the purposes of this Act, and the same are hereby approved; and the expenses incurred for the work done on the said crossings or spaces formed by the junction or intersection of East Street with Market Street, and of other streets with Market Street, and not squarely in front of, and not properly assessable to, lots fronting on such streets, and for the work done on said other street crossings and spaces, all of which are colored on said maps, shall be assessed on the contiguous adjacent and neighboring irregular or quarter blocks or lots of land which are of the same color as the crossings or spaces, and which have a number thereon corresponding with the number of the crossing or space on which the work has been done.

Subdivision Nine—In all the streets constituting the water front of the City and County of San Francisco, or bounded on one side by the property of the said City and County of San Francisco, or crossings cornering thereon, or on the water front, the expense of the work done on that portion of said streets, from the center line thereof to the said water front, or to such property of the City and County of San Francisco bounded thereon, and one fourth of their crossings, shall be provided for by the said City and County of San Francisco; but no contract for any such work will be given out except to the lowest responsible bidder, after an observance of all the formalities required by this Act.

Subdivision Ten—When any work mentioned in section three of this Act (sewers, manholes, cesspoles, culverts, crosswalks, crossings, curbings, grading, piling, and capping excepted) is done on one side of the center line of said streets, lanes, alleys, places, or courts, the lots or portions of lots fronting on that side only in front of which said work is done, shall be assessed, to cover the expenses of said work, according to the provisions of this section.

Subdivision Eleven—The assessment made to cover the expenses of grading, mentioned in the proviso in section four of this Act, shall be assessed upon all the lands, lots, and portions of lots fronting on either side of said street, lying and being between the said main street crossings, in the manner provided in subdivision one of this section. Before any work is done under a contract to complete the grading of a partially graded street, lane, alley, place, or court, under the provisions of section four of this Act, the City and County Surveyor shall ascertain, as near as possible, the number of cubic yards of grading done previous to the letting of the contract, in front of each lot or parcel of land fronting upon the work, or any street-crossing under contract, and also ascertain the number of cubic yards of grading necessary to complete the grading included in the contract, and certify such estimates to the Superintendent of Public Streets, Highways, and Squares, before the completion of the work included in the contract; and when any owner of a lot or lots fronting on said partially graded street, lane or alley, place or court, or any part liable to be assessed for the work under contract, has graded a part of the same and desires credit for grading done by him previous to the publication of the notice of intention, he shall apply to and receive from the City and County Surveyor a certificate of the amount of grading done by him, or those under whom he claims or deraigns title, for which he is entitled to credit, which certificate shall be recorded in the office of the Superintendent of Public Streets, Highways, and Squares (in a book to be kept for that purpose, properly indexed, so that reference may be easily had thereto), previous to the completion of the grading under contract. And for all grading done prior to the passage of this Act, the owner of a lot or lots desiring credits shall file in the office of the Superintendent of Public Streets, Highways, and Squares, a certificate of the City and County Surveyor, when the work was performed, showing the number of cubic yards of grading done by him or those under whom he claims or deraigns title, which certificate shall be filed and recorded in the office of the said Superintendent of Public Streets, Highways, and Squares, and shall entitle the party named, or his successor in interest, to credit on the assessment for the amount specified: *provided*, no party shall be entitled to any credit in excess of his assessment: *provided, however*, that he shall not be allowed any credit at any time for any embankment made above or excavations made below the official grade; but the cost of removing such embankment or filling in such excavations shall always be charged exclusively to the owner or owners of the lot or lots of land fronting thereon, in addition to the *pro rata* rate which may be assessed to them. If the credit for

grading, so certified as aforesaid, in cubic yards or measurement, equals the proportional amount of grading which such owner would be obliged to do if no grading had been done on such street, lane, alley, place, or court, then such owner and his lot or lots shall be exempted from assessment for the remaining work; and if the grading done by such owner is less than his proportional share, then the work required to be done in front of his lot or lots, according to the original profile of the land previous to any grading thereon, shall be included in the assessment; and the work certified as aforesaid to have been done by him, at his own expense, shall be credited to him at the contract rate: *provided*, that in making the assessment to cover the expense of any work mentioned in this section, the said Superintendent of Public Streets, Highways, and Squares may deviate from its provisions, and assess such lots and lands fronting on any street, alley, lane, place, or court, as he may decide liable to assessment for said work, which decision may be appealed from, as hereinafter provided.

Subdivision Twelve—Section one of an Act entitled "An Act Amendatory of and Supplementary to an Act to provide Revenue for the Support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven," approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section, but the property therein mentioned shall be subject to the provisions of this Act, and to be assessed for the work done under the provisions of this section.

SEC. 9. After the contractor of any street work has fulfilled his contract to the satisfaction of the Superintendent of Public Streets, Highways, and Squares, the said Superintendent of Public Streets, Highways, and Squares shall make an assessment to cover the sum due for the work performed and specified in such contract, including incidental expenses (if any), in conformity with the provisions of this Act, and according to the character of the work done, which assessment shall briefly refer to the contract, the work contracted for and performed, and shall allow the amount to be paid therefor, together with the incidental expenses (if any), the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot or portion of lot, if known to the Superintendent of Public Streets, Highways, and Squares; if unknown, the word "unknown" shall be written opposite the number of the lot (but an assessment made to a person not the owner shall not render such assessment illegal), and the amount assessed thereon, the number of each lot or portion of lot assessed, and shall have attached thereto a diagram, exhibiting each street or street crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each distinct lot or portion of lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of feet frontage assessed for said work, and contracted for and performed; and such assessment shall in all cases be payable in gold coin of the United States.

SEC. 10. To said assessment shall be attached a warrant, which shall be signed by the Superintendent of Public Streets, Highways, and Squares, and countersigned by the Auditor of said City and County of San Francisco, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments, and must be satisfied that the proceedings have been legal and fair. The said warrant shall be substantially in the following form:

FORM OF WARRANT.

By virtue hereof, I [name of Superintendent], Superintendent of Public Streets, Highways, and Squares of the City and County of San Francisco, in the State of California, by virtue of the authority vested in me as said Superintendent of Public Streets, Highways, and Squares, do authorize and empower [name of contractor], [his or their] agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be [his or their] warrant for the same. San Francisco [date], 18— [name of Superintendent], Superintendent of Public Streets, Highways, and Squares. Countersigned by [name of Auditor], Auditor of the City and County of San Francisco.

Said warrant, assessment, and diagram shall be immediately recorded in the office of the Superintendent of Public Streets, Highways, and Squares, and when certified and so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots, assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged: and when suit is commenced within said two years, said lien shall continue for six months after the final determination of said suit; and all assessment liens heretofore created shall continue in full force for two years from the date of the recording of said warrant, assessment, and diagram, respectively; and when suits have been or shall hereafter be commenced within said two years from the date of said recording, said liens shall continue and be in force until the end of six months from the final determination of said suits, respectively; and from and after the date of said recording of any warrant, assessment, and diagram, all persons mentioned in section twelve of this Act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand; but not until after the payment to the said Superintendent of Public Streets, Highways, and Squares of the incidental expenses, not previously paid by the contractor or his assigns; and by virtue of said warrant said contractor, or his agents or assigns,

shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contract and assessment.

SEC. 11. The contractor or his assigns, or some person in his or their behalf, shall call upon the person assessed or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made the contractor, his assigns, or some person in his or their behalf, shall receipt the same upon the assessment in presence of the person making such payment, and shall also give a separate receipt if demanded. Whenever the person so assessed or their agents cannot conveniently be found, or whenever the name of the owner of the lot is stated as "unknown" on the assessment, then the said contractor or his assigns, or some person in his or their behalf, shall publicly demand payment on the premises assessed. The warrant shall be returned to the Superintendent of Public Streets, Highways, and Squares within ten days after its date, with a return indorsed thereon, signed by the contractor or his assigns, or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid, in whole or in part, and the amount thereof; thereupon the Superintendent of Public Streets, Highways, and Squares shall record the return so made in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded at full length in a book to be kept for that purpose in his office, and shall sign the record. The said Superintendent of Public Streets, Highways, and Squares is authorized at any time to receive the amounts due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor: *provided*, that no such payment so made after suit has been commenced without the consent of the plaintiff in the action, shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff, and he may release any assessment upon the books in his office on the production to him of the receipts of the party or his assigns to whom the assessment and warrant was issued; and if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed: *provided, however*, that in case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant, as aforesaid, all amounts remaining due thereon shall draw interest at the rate of one per cent per month until paid.

SEC. 12. The owner, contractor, or his assigns, and all persons, whether named in the assessment or not, feeling aggrieved by any of the acts or determinations of the said Superintendent of Public Streets, Highways, and Squares, in relation to the acceptance of work, or to the assessment, or to any act, proceeding, matter, or thing done, suffered, or committed by him, shall within fifteen days after the issuance of said assessments as provided, appeal to said Board of Supervisors, as provided in this section, by briefly stating their objections in writing, and filing the same with the Clerk of said Board of Supervisors. Notice of the time and place of hearing, briefly referring to the subject matters of appeal, and to the acts or determination objected to or complained of shall be published for five days, Sundays and non-judicial days excepted. The said Board of Supervisors on appeal may correct, alter, or modify said assessment, as to them shall seem just, and may annul the same, and may order a new assessment to be made in the manner by them directed, and may make any order or decision in relation to any contract or the performance thereof, or in relation to any of the acts of the contractor, or the said Superintendent of Public Streets, Highways, and Squares, prior to the date of the hearing of said appeal: and all the decisions and determinations of said Board of Supervisors shall be final and conclusive upon all parties entitled to an appeal. The said warrant, assessment, and diagram shall be held *prima facie* evidence of the regularity and correctness of the assessment, and of the prior proceedings and acts of the said Superintendent of Public Streets, Highways, and Squares, and of the regularity of all the acts and proceedings of the Board of Supervisors upon which said warrant, assessment, and diagram are based. After jurisdiction to order any work has been obtained, no irregularity in any of the subsequent proceedings shall render any assessment illegal.

SEC. 13. At any time after the period of fifteen days from the day of the date of the warrant as hereinbefore provided, or if an appeal is taken to the Board of Supervisors, as is provided in section twelve of this Act, any time after five days from the decision of said Board of Supervisors, or after the return of the warrant or assessment after the same may have been corrected, altered, or modified, as provided in section twelve of this Act (but not less than fifteen days from the date of the warrant), the contractor or his assigns may sue in his own name the owner of the land, lot, or portions of lots, assessed on the day of the date of the recording of the warrant, assessment, and diagram, or on any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining due and unpaid, with interest thereon, as hereinbefore provided. And in all cases of recovery under the provisions of this Act, the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs as attorney's fees, provided he shall waive the percentage on recovery as provided by law. Suit may be brought in any Court in said City and County of San Francisco; and in case any one or more of the items in the assessment or assessments are

against owners thereof who cannot with due diligence be found, the service in each of such actions may be had, either in manner as is now prescribed by the Civil Practice Act of this State, or in manner as is prescribed by an Act of the Legislature of the State of California, entitled "An Act Supplementary to an Act entitled An Act in relation to Suits brought for the Collection of Delinquent Taxes, approved May twelfth, eighteen hundred and sixty-two;" approved March twenty-fourth, eighteen hundred and sixty-four, and the remedies therein provided are cumulative. The Court in which such suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution or decree, as in other cases of the sale of real estate by the process of said Courts, and on appeal the Appellate Court shall be vested with the same power to adjudge and decree a lien, and to order to be sold such premises on execution or decree as is conferred on the Court from which an appeal is taken; such premises, if sold, may be redeemed as in other cases. In bringing an action to recover street assessments, the complaint need not show any of the proceedings prior to the issuance of the assessment, diagram, and certificate; but it shall be held legally sufficient if it shows the title of the Court in which the action is brought by the parties, plaintiff and defendent, the date of the issuance of the assessment, the date of the recording thereof, the book and page where recorded, a general statement of the work done, a description of the lot or lots sought to be charged with the assessments, the amount assessed thereon, that the same remains unpaid, and the proper prayer for relief. In all suits brought to recover street assessments the proceedings therein shall be general, and regulated by the provisions of this Act; and also, when not in conflict herewith, by the Civil Practice Act of this State; but no defense shall be interposed except: first, want of jurisdiction to order work; second, that the assessment has been paid; third, fraud in the assessment, or in any of the acts or proceedings prior thereto, setting out the facts showing such fraud. It is hereby expressly provided, that nothing but gold and silver coin of the United States shall be received in payment of street assessments, and the judgment or decree in every case shall be made payable in and entered for gold coin.

SEC. 14. The Superintendent of Public Streets, Highways, and Squares may require, at his option, by notice in writing, to be delivered to them personally or left on the premises, the owners, tenants, or occupants of lots, or portions of lots, liable to be assessed for work done under the provisions of this Act, to improve forthwith any of the work mentioned in section three of this Act, in front of the property of which he is the owner, tenant, or occupant, to the center of the street, or otherwise, as the case may require, or to remove all filth, sand, earth, or dirt from the street in front of his premises, and by a like notice to be served personally upon the President or any officer of a railroad corporation or company, or to be left at the office of said corporation or company, to require such corporation or company to improve forthwith any work mentioned in this Act, which said corporation or company are required by law to do and perform; said notice to specify what improvement is required or work is to be done. After the expiration of five days the said Superintendent of Public Streets, Highways, and Squares shall be deemed to have acquired jurisdiction to contract for the doing of the work or making the improvements, or the removing of the filth, sand, earth, or dirt required by said notice. If such improvement or work of cleaning be not commenced within five days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the said Superintendent of Public Streets, Highways, and Squares may enter into a contract with any suitable person to make said improvement or to do said cleaning, at the expense of the owner, tenant, or occupant, or railroad corporation or company, as the case may be, at a reasonable price, to be determined by said Superintendent of Public Streets, Highways, and Squares; and such owner, tenant, or occupant, or railroad corporation or company, shall be liable to pay the same. After the certificate referred to in section fifteen shall have been recorded in the office of [the Superintendent of] Public Streets, Highways, and Squares, the sum contracted to be paid shall be a lien, the same as provided in section ten of this Act, and also a lien upon the franchise and property of said corporation or company, and may be enforced in the same manner as other assessments.

SEC. 15. If the expense of such improvements or removing such sand, earth, dirt, or filth, after the completion thereof, be not paid to the contractor so employed, or his agent or assignee on demand, the said contractor or his assigns shall have the right to sue the owner, tenant, or occupant, or railroad corporation or company, under the provisions of this Act, for the amount contracted to be paid, and the certificate of the Superintendent of Public Streets, Highways, and Squares that the work has been properly done, and that the charges for the same are reasonable and just, shall be *prima facie* evidence of the amount claimed for said work, and of the right of the contractor to recover the same in such action.

SEC. 16. In addition and as cumulative to the remedies above given, the Board of Supervisors shall have power, by ordinance, to prescribe the penalties that shall be incurred by any owner, tenant, occupant, or railroad corporation or company neglecting or refusing to make improvements or remove sand, earth, dirt, or filth, as provided for in section fourteen of this Act, which fines and penalties shall be recovered for the use of the City and County of San Francisco, by prosecution, in the name of the People of the State of California, in the

SUPPLEMENTAL XVII.—*An Act to Legalize the Grades of certain Streets in the City and County of San Francisco.*—Approved March 25, 1874.

Whereas, The grades and widths of the main streets of the City and County of San Francisco were established by the Board of Engineers, under and by virtue of An Act of the Legislature of the State of California, approved April twenty-sixth, eighteen hundred and sixty-six, and Acts supplementary to and amendatory thereof, as shown by the maps made by them, which maps were made official by the Board of Supervisors of said city and county, as per order number six hundred and eighty-four, dated January thirtieth, eighteen hundred and sixty-six; and,

Whereas, Doubts exist as to whether there was any grade established in relation thereto, prior to April first, eighteen hundred and seventy-two, now, therefore—

The People of the State of California, represented in Senate and Assembly, do enact as follows:

First—The Board of Supervisors, upon the receipt of a petition in conformity with the provisions of section one of this Act, shall publish in the official newspaper of said city and county a notice of their intention to make such [change]. Said notice shall be published for thirty days, and shall describe the proposed change and designate the limits within which the lots of land to be benefited shall be assessed to pay, and damages that may be awarded by reason of the change.

Second—Within twenty days after the first publication of said notice, any person claiming that he or she would sustain damage by reason of such change, shall file a petition with the County Clerk, addressed to the County Court, setting forth the fact of his or her ownership, the description and situation of his or her property, its market value, and the amount of damage, over and above all benefits, which he or she would sustain by reason of the proposed change, if completed, asking the appointment of Commissioners to assess such damage; which petition shall be verified by the oath of the petitioner, or his or her agent.

Eighth—Said Commissioners, having determined the damage which will be sustained by each petitioner, over and above all benefits, by the completion of the proposed change, shall proceed to assess the whole amount thereof, together with the costs, charges, and expenses of the proceedings, including the compensation to the Commissioners for their services, to be taxed and allowed by the County Judge, ratably, upon the several lots of land benefited within the limits designated in said notice, so that the same shall be distributed according to the benefits produced by such change as nearly as possible.

SEC. 11. All moneys now in the City Hall Fund, created by the Act heretofore mentioned, and under which said Board of City Hall Commissioners was created, and all that shall hereafter be placed in said fund are hereby turned over to the General Fund of said city and county, but must be used in the payment of said contracts and indebtedness hereinbefore mentioned and specified, as it shall come due, and shall be applied to said object in preference to the issuing of bonds, and thereby reduce the amount of bonds to be issued under this Act to the extent of such moneys so paid into said fund.

SEC. 12. Nothing in this Act contained or in the Act referred to herein shall be construed to authorize the Board of Supervisors to make any new contracts for work or material, or in any manner to continue the work of constructing the City Hall beyond finishing up and paying off the work and materials now contracted for or already performed or delivered, or to be performed or delivered under the same.

SEC. 13. This Act shall take effect and be in force thirty days after its passage.*

And all Acts or parts of Acts requiring the County Treasurer to collect licenses in the City and County of San Francisco, and all other Acts or parts of Acts, so far as they conflict with this Act, are hereby repealed: *provided*, that nothing in this Act contained shall curtail the clerical force in the office of the Treasurer of the City and County of San Francisco during the term of office of the present incumbent.

SUPPLEMENTAL XXXIII.—*An Act in relation to the Assessment and Collection of Taxes upon Personal Property in the City and County of San Francisco.*—Approved March 18, 1874.

SECTION 1. The City and County of San Francisco is hereby exempted from the provisions of the Political Code relating to the assessment and equalization of personal property for taxation and the collection of taxes thereon, but only in so far as to give force and effect to the provisions of this Act hereinafter contained.

SEC. 2. The Assessor of said city and county must complete the assessment of personal property on or before the first Monday of June in each year, and enter the same in a separate assessment book, to be known as "The Assessment Book of Personal Property." As soon as completed the said assessment book must be delivered to the Clerk of the Board of Supervisors, who must immediately give notice thereof, and of the time the Board will meet to equalize said assessment by publication in some daily newspaper printed in said city and county, and in the mean time until the Board meets to equalize said assessments the Assessment Book must remain in his office for the inspection of all persons interested.

SEC. 3. The Board of Supervisors shall meet on the second Monday in June and must examine and equalize said assessment in the same manner as required by the Political Code, and must complete the equalization of said assessment on or before the fourth Monday in June; and the Clerk of the Board must record in a book to be kept for that purpose, all changes, corrections, and orders made by the Board, and during its session must enter in said Assessment Book all changes and corrections made by the Board, and must deliver the same Assessment Book, so corrected, to the Auditor of said city and county on the fourth Monday of June, with an affidavit in substance the same as that required by section three thousand six hundred and eighty-two of the Political Code.

and county taxes for the current fiscal year, and the Auditor must, on or before the second Monday of July, prepare and deliver to the Tax Collector a copy of said Assessment Book, to be styled "Duplicate Assessment Book of Personal Property," in which shall be computed and entered in separate money columns the respective sums in dollars and cents, rejecting the fractions of a cent, to be paid as a tax on the property therein enumerated, and to which must be attached his affidavit, subscribed and sworn to as follows:

"I, ———, Auditor of the City and County of San Francisco, do swear that I received the Assessment Book of the personal property of the City and County of San Francisco, from the Clerk of the Board of Supervisors, with his affidavit thereto affixed, and that I have corrected it and made it conform to the requirements of the Board of Supervisors; that I have reckoned the respective sums due as taxes, and have added up the columns of valuations and taxes as required by law, and that the copy to which this affidavit is attached is a true, full, and correct copy thereof."

Said Duplicate Assessment Book must contain columns for entry as hereinafter provided for the State Tax upon the property therein assessed.

SEC. 5. The said Duplicate Assessment Book must thereupon be delivered to the Tax Collector, and all the acts required by the Political Code to be performed by the Auditor and Tax Collector in relation to the Duplicate Assessment Book and the taxes therein mentioned must be performed by said officers in relation to the Assessment Book herein provided, so far as the same can be made applicable.

SEC. 6. The Tax Collector, immediately upon receiving said assessment roll, must publish in one or more of the daily newspapers of said city and county that the taxes therein mentioned are due and payable at the office of the Tax Collector of said city and county, and will become delinquent on the first Monday of August, and that unless paid on or before the last mentioned date, five per cent. will be added to the amount thereof. The Tax Collector may at any time after said taxes become delinquent collect the same by seizure and sale of any personal property owned by the delinquent, and in proceedings for that purpose must be governed by sections from three thousand seven hundred and ninety-one to three thousand seven hundred and ninety-six, inclusive, of the Political Code.

SEC. 7. On the Wednesday following the fourth Monday of September, the Tax Collector must return the said Duplicate Assessment Roll to the Auditor, who must, at the time provided in the Political Code for computing and entering the State and County taxes, add to or deduct from the valuation of the property enumerated in said Assessment Book any percentum which may have been required by the State Board of Equalization, and compute the State taxes to be paid on said personal property, and enter the same with all delinquent taxes which may appear in said book in the proper columns. After completing such computations and entries, the Auditor must annex his affidavit to said book, stating that he has truly and correctly made all reductions and additions required by the State Board of Equalization, and computed, entered, and added all the State taxes and all the delinquent city and county taxes, and the percentum due on the property therein enumerated, and return the same to the Tax Collector at the time when the Duplicate Assessment Book of taxes upon real estate is required by law to be delivered.

SEC. 8. The Tax Collector must collect said State taxes and said delinquent city and county taxes and percentum, at the same time and in the same manner as he is by law required to collect other State and county taxes.

SEC. 9. The Assessor may at any time prior to the fourth Monday in October in each year specially assess any property which may have been omitted and which shall not be entered upon the regular assessment roll, and if he makes any such special assessment, he shall forthwith deliver a copy thereof to the Tax Collector, and the original to the Auditor, who shall charge the Tax Collector with the amount of taxes due thereon, and all such special assessments shall be as valid and shall have the same force and effect as regular assessments.

SEC. 10. All the provisions of the Political Code and other laws relating to State and county revenues, except where they are in conflict with, are made part of this Act.

SEC. 11. This Act shall take effect immediately.

Said Board of Supervisors shall exercise all the duties and possess all the rights now vested in the Board of Managers of the Industrial School Department, and all present indebtedness and liabilities of said Industrial School Department, and future expenditures and disbursements on account of the same, shall be presented, audited, and paid in the same manner as is now provided by law for the presentment, auditing, and payment of other claims against said City and County of San Francisco: *provided*, that the current expenses of such Industrial School shall only be audited and paid to the extent of four thousand five hundred dollars ($4,500) per month.

SUPPLEMENTARY XXXVI.—*An Act to authorize the City and County of San Francisco to Provide and Maintain Public Water Works for said City and County, and to Condemn and Purchase Private Property for that Purpose.*—Approved March 30, 1874.

By the provisions of this Act* the Board of Supervisors is authorized and empowered to take all necessary steps to provide and supply said city and county, and the inhabitants thereof, and manufacturing establishments therein, with a sufficient and abundant supply of pure and fresh water, at the lowest possible rates, and to secure an abundant supply for their future wants, and to that end, and for that purpose, they are authorized and empowered to construct, appropriate, and acquire, or to purchase and to hold the necessary real estate, water works, reservoirs, distributing mains, pipes, flumes, ditches, water and water rights, creeks, ponds, springs and sources pertaining thereto. If deemed expedient, they are also authorized to purchase the water works and other property and rights of the Spring Valley Water Works, or any other corporation or person in the State, or the water of the Laguna de la Merced, at such price or prices as may be agreed upon by a committee consisting of the Mayor, Auditor, and City and County Attorney. Before any contract to purchase shall be entered into, the Board of Supervisors shall appoint a competent civil engineer, who is to make a full and accurate examination of all real estate, water works, etc., purposed to be purchased, and to make a report thereon, which shall state the value of the real estate, its water rights, etc., its character and its resources, with an estimate of the cost of maintaining said works. If, after the examination of the report and a personal examination of the works to be purchased, by a committee of the Board of Supervisors, the Board of Supervisors consider it for the interests of the city and county to purchase said property on the terms proposed, they shall publish the report of the engineer with their conclusions thereon, and shall submit the question of purchase to the qualified electors of said city and county at the next general election. In the event of a disagreement as to the terms for the purchase of the rights and property referred to, the committee may procure the condemnation of the same, or any other property necessary to carry out the objects of this Act; and to ascertain the value thereof, Commissioners are to be appointed by the Judge of the Twelfth District Court, whose decision shall be final. The Commissioners are also authorized to make the necessary investigation, as to the adaptability and values of the property condemned, and report thereon, which is to be submitted, after approval by the Judge of the Twelfth District Court, to a vote of the people in like manner as that of the engineer previously referred to. The Board of Supervisors, if the measure is sanctioned by a majority of the people, are also authorized to employ a competent engineer or engineers to commence at once the erection of such works, and to adopt the necessary measures to meet the objects of this Act. To secure the means to carry into effect these provisions, authority is given to issue thirty-year six per cent. bonds, the amount of which shall be fixed by the Board of Supervisors. The full and complete management of the works, when completed, is intrusted to a Board of three Commissioners, who are to be appointed by the Mayor, who shall serve without compensation.

ARTICLE VI.

All demands payable out of said fund may, in case there be not sufficient money in the treasury arising from the sources specified in this section, be paid out of the General Fund of said city and county.

SEC. 76. The School Fund of said city and county shall consist of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five dollars for each pupil who shall have actually attended school during the preceding year [Act April 1, 1872]; also the proceeds of the poll tax.—[Political Code, Article III, Sec. 3861.] The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. SEC. 77. All taxes assessed upon real and personal property in said city and county shall be payable and be paid directly to the Treasurer thereof [the Tax Collector is authorized to collect the taxes, *see* Political Code, Part III, Sec. 3732]; and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable, in the mode prescribed by law for the collection of such State and county taxes.

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees, or otherwise; he shall also be charged with and be deemed debtor to the treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes has resulted from an irregularity or defect in the assessments, then the Assessor, whose duty it was to make the assessment, shall be liable and be deemed debtor to the treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said city and county shall receive and safely keep in a secure fire-proof vault, to be prepared for the purpose, all moneys belonging to or which shall be paid into the treasury, and shall not loan, use, or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act and after they have been duly audited; he shall keep the key of said vault and not suffer the same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly. If he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period of not less than three nor more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of the moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he is absent.

SEC. 81. [Repealed, *see* Act of the Legislature, March 28, 1859.]

SEC. 82. No payment can be made from the treasury or out of the public funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided, and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of public funds, unless his account has been duly presented, passed, approved, and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature regulating the duties of such officer, on being required, in writing, to comply therewith by the President of the Board of Supervisors or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself, without lawful cause, from the duties of his office during the office hours prescribed in this Act; and the Auditor may examine any officer, receiving a salary from the treasury, on oath, touching such absence.

SEC. 83. The term "audited," as used in this Act, with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and Board of Officers, and finally allowed as required by law; and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, * * * * * * * * * * but only applicable to the Constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself that the money is legally due and remains unpaid, and whether the payment thereof from the treasury in the city and county is authorized by law, and out of what fund. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other Board or officer, of any demand which upon the face of it appears not to have been expressly made by law payable out of the treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date, and value composing it, and refer to the law by title, date, and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries fixed by law, and made payable out of the treasury of the said city and county, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school cannot be approved, allowed, or audited to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and officers must, before they can be allowed by the Auditor or paid, first be approved by the Police Judge and Chief of Police, or if they refuse or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury or any public funds of said city and county, and not hereinbefore in this section specified, must, before they can be allowed by the Auditor or in any manner be recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instructions and regulation during recess of the said Board. The Auditor must number and keep a record of all demands on the treasury allowed by him, showing the number, date, amount, and name of the original and present holder, on what account allowed, out of what fund payable, and, if previously approved, by what officer, officers, or Board it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon until this requisite shall have been complied with.—[Amendment April 18, 1857.]

SEC. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education, and each Supervisor shall have power to administer oaths and affirmations concerning any demand on the treasury or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county, individually, and on his official bond, for the amount of the demand so illegally approved, allowed, or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, and Clerk of the Board of Supervisors at any time during business hours. Copies or extracts from said books, duly certified, shall be given by the officer having the same in his custody to any citizen demanding the same and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.—[Amendment April 18, 1857.]

SEC. 87. The Auditor is the head of the Finance Department of the city and county, and as such is required to be constantly acquainted with the exact condition of the treasury, and every lawful demand upon it. He shall keep a public office and give his personal attendance there, daily, during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.

SEC. 88. Every lawful demand upon the treasury, duly audited as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed and out of what fund payable; and being so registered, shall be returned to the party presenting it, with an indorsement of the word "registered," dated and signed by the Treasurer.

SEC. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of

such illegal and fraudulent approval or allowance to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax Collector or other officer, or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law and without any delay.

SEC. 90. The salaries, fees, and compensations of all officers, including Policemen and employés of all classes, and all teachers in common schools, or others employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors or Board of Education, then within one month after the regular session of the proper Board held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it, as above required, was not in the power either of the original party interested or his agent or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to, and countersigned by, the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date, and amount, by whom, in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence, in favor of such person or officer, of the payment specified in it, without being first countersigned as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of or refusal to approve or allow any demand upon the treasury presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid: *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors or the Board of Education, the opinion of the District Attorney thereon shall be required in writing, read, and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said city and county, shall every month examine the books of the Treasurer and other officers of said city and county, having the collection and custody of public funds, and shall be permitted, and it shall be their duty, to see and count over all the moneys remaining in the hands of such Treasurer, or other officer. If they ascertain clearly that such Treasurer or other officer is a defaulter, they shall forthwith take possession of all funds, books, and papers belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he was appointed to fill. If the Treasurer, or other officer so charged as a defaulter, be acquitted thereof, he shall resume his duties.

SEC. 95. Payments of demands on the treasury of said city and county may be made for the following objects, and none others [Amended April 18, 1857]:

Fifteenth—Out of the Surplus Fund, expenditures previously authorized by the Board of Supervisors, in the lawful exercise of their powers, for objects other than those specified in the preceding fourteen subdivisions of this section, may be paid out of the Surplus Fund, as specified in sections ninety-seven and ninety-eight, but not otherwise. At the end of each fiscal year, and after every lawful demand on the treasury then due and payable, or to accrue for that year, shall have been actually paid, taken up, and canceled, and record thereof made in the proper books, or cash in the treasury shall have been set apart and reserved, equal to the amount of said demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing will, in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time during such succeeding year, subject however to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void as against the city and county, if made before such Surplus Fund exists in the treasury, and unless it be in writing with a printed copy of sections ninety-five, ninety-six, ninety-seven, and ninety-eight of this Act attached to it, and in such case, the officer or officers, executing the same, in behalf of the city and county, in contravention of this provision, shall alone be liable, in his or their individual capacity, to the other contracting party for the fulfillment of such contract.—[Amendment April 18, 1857.]

SEC. 96. The demands specified in the first fourteen subdivisions of section ninety-five shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterward coming into the said treasury applicable thereto, in the order in which the same are registered.

SEC. 97. The Board of Supervisors, Board of Education, and each and every officer of the said city and county, being absolutely prohibited to contract any debt or liability, in any form against the said city and county hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may involve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been

*Automatic boxes.

Directions for Key-holders.—Upon the discovery of a fire near your signal-box, turn the crank slowly and steadily about twenty-five or thirty times. Then wait a few moments, and if you hear no alarm on the large bells, turn as before. If you still hear no alarm, go to the next box and give the alarm from that. Never open the box or touch the crank except in case of fire. Never signal for a fire seen at a distance. Do not give an alarm for a burning chimney. Be sure your box is locked before leaving it. Upon a second alarm being struck for the same fire it will be considered a general alarm. Second alarms will be turned in only by order of the Chief Engineer or his Assistants.

Keys of the signal boxes are deposited in the vicinity of each box, at such places as are indicated upon cards placed thereon.

Boxes designated with a star are Automatic ones. An alarm from these is given by pulling down the hook once and letting go, unerring mechanism doing the rest.

Complaints concerning the working of the Fire Alarm Telegraph, irregular striking of the bells and gongs, broken wires, etc., should in all cases be made at the Fire Alarm office, Brenham Place.

In case of tumult or riot, whereby the services of the Police force are required, an alarm will be given consisting of ten strokes upon the bells and gongs, repeated five times, which will be a signal for the Police to assemble at the City Hall. This alarm will be given only by order of the Mayor or Chief of Police.

The telegraph apparatus consists of about one hundred and twenty miles of wire, divided into fourteen circuits, of which nine are signal circuits, or circuits running to the signal boxes. Alarm gongs are located in the different engine, hook and ladder, and hose houses, each connected with the central office by the five alarm circuits; and seven alarm bells for striking the number of the alarm box, located as follows: One on the Hall of the Exempt Fire Co., one on the engine house on Sixth Street, one on the engine house on Stockton Street, one on the engine house on Second Street, one on the engine house on California Street, one on the engine house on Sixteenth Street, and one on the engine house on Pacific Street. The bells and gongs are each struck at the same time by electrical machinery. The police and health apparatus consists of thirteen stations, each communicating with the central office, Brenham Place, where a constant watchfulness is exercised by the attending operator.

Location, west side of Russ Street, between Howard and Folsom. Rev. WILLIAM D. CLARK, Pastor; residence, 918 Harrison Street.

The first steps for the organization of this church were taken in 1860, when Dr. Cheney's congregation established a Mission interest in the Nonantum School House on Third Street, near Bryant. The Sunday School was under the superintendence of H. H. Heath. After several changes, a lot was purchased on Fifth Street, corner of Jessie, and a church erected and organized December 22, 1862, where the congregation worshiped until the spring of 1869, when the present commodious and elegant edifice was completed. Rev. H. A. Sawtelle was the first Pastor, who continued to officiate until October, 1866, when he retired from his pastoral charge and established the Union Square Baptist Church. Rev. C. R. Hendrickson, for several years Pastor at Stockton, was called by the congregation to fill the vacancy. He entered upon his duties on the first of January, 1867, and resigned June 15, 1870. The Rev. D. S. Watson, of Pittsfield, Mass., was unanimously called by the church to the pastorate January, 1871, and continued in charge until his decease, December 27, 1872. The present pastor took charge August 1, 1873. The church is now in a flourishing condition, with a membership of one hundred and sixty. CONGREGATIONAL.

First Congregational Church.

Location, southeast corner of Post and Mason streets. Rev. A. L. STONE, D.D., Pastor; residence, 617 Bush Street.

This church was organized July 29, 1849, when Thomas Douglas and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt, assisted by Rev. A. Williams. The society met in the school house on the Plaza, until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erection of a suitable house of worship, which resulted in the building of a commodious frame structure, twenty-five by fifty feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God February 10, 1850. Rev. T. D. Hunt was chosen Pastor, and installed June 26, 1850, who, in this connection, it is proper to state, was the first Protestant clergyman, located as such, in the State, having arrived in San Francisco as early as October 29, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house. Accordingly measures were adopted, in the summer of 1852, for the erection of the substantial brick edifice on the southwest corner of California and Dupont streets, which was dedicated on the tenth of July, 1853. The second pastor, Rev. E. S. Lacy, was installed July 6, 1856, and dismissed October 3, 1865. In the spring of 1870, the society deemed it essential to seek a different location and larger accommodations. Measures were taken which resulted in the erection of the present large and commodious house of worship. The dimensions are ninety-two feet frontage on Post Street by a depth of one hundred and thirty-five on Mason Street, and is ninety feet to the apex of the roof, which is steeply pitched. On the northwest angle is the grand tower and spire, rising to the hight of two hundred and thirty feet, surmounted by a vane and weathercock in gilt. The style of architecture is the early English Gothic. The three principal entrances are on Post Street, with one in the tower fronting on Mason, and are all reached by broad flights of stone steps partly covered by deeply recessed porches supported on brick piers and detached stone columns. The entrance doors are wide and made sliding, and are banded and ornamented with iron. Between the buttresses of the side walls are five large windows on each side of the church, having deeply molded and trained heads and recessed arches. These windows terminate with gablets extending above the eaves of the building, and finished with iron terminals. The other gables throughout are finished with terminals, and those of the front and rear main gables are ornamented in character and richly gilded. The roof is broken by ventilators, in the style of dormers, having iron terminals, and the ornamental roof is crowned with a cast-iron ridgeway. The front of the church, on Post Street, is designed with groups of two and three-light windows, arranged centrally over doorways with deeply recessed arches, relieved by white and dark brick ornamentally disposed. The tower on three of its faces has an arcade of light columns and arches, and the belfry has two large and lofty windows divided by buttresses on each face. The angle buttresses terminate upward in bold pinnacles, and group well with the canopies and pinnacles of the spire windows. There is also a second or midway tier of spire windows. The front entrance doors open into a large and airy vestibule, with doors opening opposite into the auditorium, and stairways right and left leading to the galleries. The auditorium is eighty-eight feet in length on the ground floor, and seventy-four feet wide—the length above the gallery, including the organ and choir recess, being one hundred and twenty-five feet. The hight to the center portion of the ceiling is sixty-five feet. The seating accommodations on ordinary occasions will be for about seventeen hundred persons, but will comfortably receive two thousand. The basement is divided into lecture room, class room, infant class room, ladies' room, library, and lumber rooms, which are provided with all the necessary lavatories and conveniences. The basement rooms are so arranged that they can all be thrown into one apartment during exercises or for social purposes. It was dedicated on the nineteenth day of May, 1872. The entire cost of this beautiful structure (including the site and furnishing) somewhat exceeds $150,000. The third and present Pastor, Rev. A. L. Stone, D.D., was installed June 14, 1866.

The whole number of members admitted to the church since its organization is about nine hundred. The present membership is about five hundred and fifty.

Services are held every Sabbath at eleven o'clock A.M. and at half past seven o'clock P.M. between the first of September and first of May, and at forty-five minutes past seven o'clock P.M. during the other months of the year. Lecture every Wednesday at half-past seven o'clock P.M.

Plymouth Congregational Church.

Location, east side of Taylor Street, between Geary and O'Farrell. Rev. T. K. NOBLE, Pastor; residence, 422 Minna.

This church was organized on the twelfth of January, 1862, with twenty-six members. It grew out of a Sunday School which had been maintained in the building corner of Mason and Geary streets, known as the "Little Brown Church." Here public worship was established in the autumn of 1861, and the Rev. John Kimball engaged to take charge of the enterprise. He began his very diligent and successful labors in November, 1861, and continued in them until January, 1863, when he resigned and went to the East to do service in the armies of his country. In December, 1862, the church and society invited the Rev. J. A. Benton, of Sacramento, to become their Pastor. After a faithful pastorate of six years he resigned to take the position of professor in the Pacific Theological Seminary at Oakland. After a vacancy of about four years, during which the Revs. E. G. Beckwith, John Kimball, and others supplied the church, the Rev. T. K. Noble, of Cleveland, Ohio, was unanimously called to the pastorate, and was formally installed December 6, 1872.

The present edifice on Taylor Street, which was dedicated April 10, 1864, is a structure forty-two by ninety-two feet, with a spire one hundred and fifty feet high. It is complete in all its parts and arrangements, having a basement under the whole, divided into lecture-room, ladies' parlor, and infant classroom. It has a Pastor's study in the rear. It will seat seven hundred persons.

Third Congregational Church.

Location, south side Fifteenth Street near Mission. Rev. EDWARD P. BAKER, Acting Pastor; residence, 422 Minna Street.

This church had its origin in the fall of 1862, when several persons, heads of families, residing in the vicinity of the Mission Dolores, met to consult together in regard to the practicability of organizing a church in the neighborhood.

After much discussion extending through several informal meetings, it was decided to extend an invitation to the Rev. E. G. Beckwith, then pursuing his theological studies at Andover, Mass., to visit this city and upon the organization of a Congregational Church at the Mission, to become its pastor. The invitation was accepted and Mr. Beckwith with his family arrived on Sunday the twenty-sixth day of October, and on the next Sabbath he preached his first sermon to his future church and society, and on the following Sabbath organized a Sabbath School.

On January 7, 1863, the organization of the church was completed, and on the 8th of February following the installation services took place, in the old church edifice on First Avenue.

After five years of faithful labor, Mr. Beckwith resigned the pastorate, much to the regret of his congregation. From October, 1867, to April, 1869, the church was without a settled Pastor, the Rev. Selah Merrill supplying its pulpit from December, 1867, to June, 1868. In August, 1868, the Rev. William C. Pond was invited to fill the pulpit for the period of six months, at the expiration of which time he accepted a call from the congregation to become their settled Pastor, and continued in charge until the fall of 1872. Rev. Edward P. Baker has been Acting Pastor since October, 1872.

From November 2, 1862, until October 30, 1864, the old Methodist church edifice on First Avenue, which had become private property, was occupied by the church and society as a place of worship. The first services in the present chapel were held on the sixth day of November, 1864. The total cost of lot, building, and furniture was $14,000.

Services are held every Sabbath at eleven o'clock A.M. and half-past seven o'clock P.M. Prayer meeting every Wednesday evening.

The Sabbath School was organized November 5, 1862. Its first session was held on Sunday, November 9, of the same year, the total attendance being thirty-three. At present, the average attendance is about three hundred and fifty. Meets immediately after morning service. There is also a Chinese Sabbath School connected with the church, average attendance about thirty.

The edifice was designed by S. C. Bugbee & Son, and cost about $5,000, exclusive of the amount ($5,000) paid for the lot. The dedication services occurred in March, 1865.

Services are held every Sabbath at eleven o'clock A.M. and half past seven o'clock P.M. Prayer meeting every Wednesday at eight o'clock P.M. This is the oldest parish of the Protestant Episcopal Church on the Pacific Coast.

It had its beginning in Divine Service, celebrated by the Rev. Flavel S. Mines and the Rev. Augustus Fitch, Presbyters of the Diocese of New York, on the 8th day of July, 1849.

On the 22d of the same month, several citizens of the city resolved to form themselves into a congregation, to be known hereafter as the Holy Trinity Church.

On the 29th of July, wardens and vestrymen were elected, and on the 6th of August, the Rev. Mr. Mines was elected Rector.

A fifty-vara lot on the southwest corner of Jackson and Powell streets, was purchased August 26, and a church edifice erected thereon, which was occupied the following November. In December, 1851, a lot on the north side of Pine Street, between Montgomery and Kearny streets, was purchased for the sum of $4,000, and a wooden edifice, forty by ninety feet, covered with corrugated iron, erected thereon. Mines died August 5, 1852, greatly lamented by all his parishioners. He was succeeded by the Rev. C. B. Wyatt, who commenced his official duties February 26, 1853. On Sunday, the 29th of January, 1854, the Rt. Rev. Bishop Kip, D.D., landed in San Francisco, and preached in Trinity Church both morning and evening. On the 9th of April, 1854, being the Sunday before Easter, the rite of confirmation was administered in Trinity Church. This was the first episcopal act ever performed on the shores of the Pacific. Eighteen persons came forward to receive the rite—one of them was a native of China. In May, 1856, Dr. Wyatt returned to New York on a visit, and the Rev. S. Chipman Thrall, D.D., was placed in charge of the church until March, 1857, when Mr. Wyatt resigned and Dr. Thrall was elected his successor, who officiated until November, 1862, when he resigned and the Rev. C. B. Wyatt was again elected Rector. In November, 1863, a fifty-vara lot on the corner of Powell and Post streets, was purchased for the sum of $25,000, and subsequently an adjoining lot on the east, at an additional cost of $5,000. The lot and building on Pine Street was sold in September, 1866, for $70,000, and during the same month the corner stone of the present edifice was laid. It was consecrated to Divine Service on the 22d of September, 1867. During the construction of the new church the congregation worshiped in St. John's Hall, Masonic Temple. In the spring of 1869 Mr. Wyatt resigned, and was succeeded by the Rev. Elias Birdsall, who officiated until May, 1870, when he also resigned. The Rev. C. W. Turner then took charge of the parish, and officiated until January, 1871. He was succeeded by the Rev. Theodore B. Lyman, who officiated until July 1, 1873, when he resigned, and the Rev. G. D. Grace Church.

Location, southeast corner of California and Stockton streets. Rev. William H. Platt, Rector; residence, 100 Stockton Street.

This church was organized in 1849, the statistics of which may be summed up as follows: The first Rector of the Church was Dr. J. L. Ver Mehr, who preached his first sermon in California at the house of Mr. Merrill, in this city, September 10, 1849. A chapel was next built toward the close of 1849, at the corner of John and Powell streets, which was first opened for divine services December 30, 1849. This was the first Grace Church. It was sixty feet long by twenty wide, and cost $8,000. On the twenty-eighth of April, 1850, Grace Church was formally organized. E. Bryant and D. S. Turner were elected Wardens, and Dr. Ver Mehr chosen Rector. The first vestry meeting was held on May 20, 1850. In February, 1851, the contract was made to build the former Grace Church on Powell Street, which was finished that summer. Dr. Ver Mehr preached the first sermon in this edifice. Bishop Kip arrived in San Francisco January 29, 1854, and on the twenty-fifth day of February following assumed the Rectorship, at which time Dr. Ver Mehr resigned. The Bishop continued to officiate until Palm Sunday, April 5, 1857, when F. C. Ewer was ordained, and on the next Sunday he preached his first sermon. On the 14th of April Mr. Ewer was elected to be Assistant Minister, and on the twentieth of the same month he took charge of the parish, the Bishop having departed for the Atlantic States. The Bishop having returned and resigned the Rectorship, Mr. Ewer was elected Rector of the Church, December 15, 1857, and retained that position until April, 1861, when he resigned. At the earnest solicitation of the Vestry, Bishop Kip again became Rector, and served as such until October, 1864. Rev. H. Goodwin being then Assistant Minister, continued as such, when in September, 1866, he was elected Rector, and on the first of July, 1867, resigned. The Rev. James S. Bush was then elected Rector; he entered upon his duties in December following, and officiated until the fall of 1872, when he resigned, and was succeeded by the Rev. Charles G. Williamson, who officiated until June, 1873. The present Rector entered upon the discharge of his duties November, 1873.

The parish, of which this is the Church, was instituted in February, 1858. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into the neighborhood. The Rev. J. Cameron, ordained in April, 1860, officiated as Curate—the Rev. John Chittenden being his Rector. By the energy of the Curate, assisted by his brother clergymen, he established the Episcopal Church permanently in this vicinity. The Rev. T. W. Brotherton took charge on the first of August, 1861, and was succeeded by the present Rector July 1, 1872. Street and Van Ness Avenue. Rev. E. S. PEAKE, Rector; residence, 1812 Clay Street.

The first services of the Protestant Episcopal Church at Spring Valley which led to the organization of this church, were held by the Rev. Giles Easton, Assistant Rector of Grace Church, in Spring Valley School House, on Broadway, between Larkin and Polk, on the 4th of March, 1866.

A Sunday School was shortly after organized, with Mr. John Wigmore as Superintendent, and Mr. Edward Barry as Librarian. The Mission was at that time called St. Andrew's Church.

On the 12th of August, 1866, Rev. D. J. Lee took charge of the Mission, and changed the place of holding service to Pixley Hall, on the corner of Pacific and Polk streets. Shortly after, a society of ladies, under the name of Martha Society, was formed for the purpose of raising a fund to purchase a lot and to erect a church building thereon. About this time the name of the Mission was changed to the Church of the Nativity.

The Rev. Dr. Lee having resigned in October, 1867, Rev. F. O. Barstow was appointed as missionary to the station. After the resignation of Mr. Barstow, the vestry elected the Rev. J. B. Gray, Rector, who entered upon his duties the first Sunday in September, 1869. The Rev. E. S. Peake succeeded to the Rectorship December 1, 1870.

In March, 1868, the ladies of the Martha Society were requested to furnish a name, by which this church is now known, and under which the parish was incorporated. The building occupied by the congregation was completed September 26, 1868, and consecrated April 13, 1873, and will accommodate nearly three hundred persons. The church is supported by offerings and monthly subscriptions, and seats are free. Services are held every Sunday at eleven o'clock A.M. and at half past seven o'clock P.M. St. Peter's Church.

Location, northeast corner of Stockton and Filbert streets. Rev. W. L. GITHENS, Rector; residence, 932 Pacific Street.

This parish was organized in July, 1867, through the zealous efforts of several earnest laymen, with a view to supplying the large population resident in that portion of the city known as North Beach, with the ministrations of the church. On many accounts a difficult field of labor, it is hoped that in time, through faith and earnest missionary zeal, a self-supporting parish will be established. The parish is incorporated, and also admitted into communion with the Diocesan Convention.

The new church building recently erected on leased ground, at a cost of $4,500, accommodates three hundred, the sittings being free.

Badger, Superintendent; and it is the only place of worship on the Pacific Coast where the choral service is rendered. There is a surpliced choir of about thirty men and boys.

Our Saviour's Scandinavian Evangelical Lutheran Church,

Rev. CHRISTIAN HVISTENDAHL, Pastor; residence, 874 Mission Street.

Present place of worship, St. Paul's German Evangelical Lutheran Church, on the south side of Mission Street, between Fifth and Sixth.

This church was organized on the 20th of October, 1870, by its present Pastor, who came to San Francisco under the auspices of the Norwegian Lutheran Synod of America. Having labored here for six weeks he went to the East, but returned in April, 1871, in accordance with a unanimous call from the congregation to become their pastor. In June, 1872, he visited the Scandinavian countries, principally for the sake of his health, and returned in October to resume his labors. The project of starting a Scandinavian Church has, during the last twelve years been tried three or four times without success, and these failures have, more than anything else, hindered the present work. The church has, however, been self-supporting from the start, and its friends are confident that they will have at no distant time their own place of worship. There is at present in the Building Fund about $5,000. A Ladies' Society to promote the interests of the church has lately been organized. Services in the Scandinavian language Sundays and holidays at two o'clock P.M., and occasional services in the week at forty-five minutes past seven o'clock P.M. The seats are always free. PRESBYTERIAN.

First Presbyterian Church.

Location, west side of Stockton Street, between Washington and Clay. Rev. ROBERT PATTERSON, Pastor.

This church was organized May 20, 1849, under the direction of Rev. Albert Williams, and was the first Protestant Church organized in San Francisco. W. W. Caldwell, Frederick Billings, Dr. George F. Turner, Mrs. Sarah B. Gillespie, Mrs. Ann Hodgson, and Mrs. Margaret A. Geary were the original members; Capt. B. Simmons, E. Woodruff, and H. Grimes were the first Trustees.

During the summer of 1849 the congregation worshiped in a tent on Dupont Street, afterward in a store room of the Custom House, and in the Superior Court Room, City Hall, until January 19, 1851, when a neat Gothic edifice was erected on Stockton Street, near Broadway, capable of holding seven hundred persons. This house was destroyed by the great fire of June 22, 1851. A plain building was immediately erected on the same spot, in which the congregation worshiped until August, 1857; and from that time until May, 1858, their meetings were held in the Chinese Mission Chapel. Their present fine house of worship was built in the summer and autumn of 1857, at a cost of about $60,000, including the lot, furniture, and fixtures. It is in the Gothic style of architecture throughout. The main building is one hundred and seventeen feet long, or to the outside of the tower, one hundred and twenty-three feet, and is sixty-one feet wide. Rooms for the Pastor's study and social meetings are on the same floor with the audience room, which last is eighty-one by fifty-eight feet, with a ceiling thirty-nine feet high. A Sabbath School room, fifty-seven by thirty-six feet, is over the front apartments; on the north-east corner of the house is a brick tower, ninety-six feet in hight. There is an organ gallery that will seat a choir of forty persons, and contains one of the largest and handsomest organs in the city. In all its arrangements the edifice is admirably adapted to its purpose, and at the same time is in accordance with true architectural taste.

The church is entirely free from debt. Present number of communicants is about one hundred and fifty.

Services are held every Sabbath at eleven o'clock A.M., and half past seven o'clock P.M.; lecture on Wednesday evening.

Scudder, D.D., who was for many years a missionary in India, was installed by the Presbytery of San Francisco, July 23, 1865, and prosecuted his work with great success until March, 1871, when he resigned. The Rev. Hugh Smith Carpenter, D. D., supplied the pulpit from February 1872 to March 1874, when he resigned. The number of communicants enrolled is about five hundred.

Larkin Street Presbyterian Church.

Location, corner Larkin and Pacific streets. Rev. CALVIN A. POAGE, Pastor; residence, 1507 Clay Street.

This enterprise was commenced by Rev. J. D. Strong, in the Spring Valley School House, in April, 1862. A Union Sabbath School, under the superintendence of E. R. Waterman, had previously existed in the neighborhood for more than two years, but was not formally connected with the church movement till near the close of that year, when an effort was made to erect a house of worship, but failed for want of the requisite funds. During the following summer the effort was revived, and in September, 1863, a Board of Trustees was incorporated, a lot purchased at an expense of $1,000, plans and specifications prepared by S. H. Williams, and the contract for building the church edifice let to J. W. Duncan. On the fourth of September, 1864, the building was completed and dedicated. It is of wood, seventy-two feet long and forty-two feet wide, and has seats for about four hundred persons. Its architecture is plain and unpretending, but neat and tasteful. Its whole cost was a little over $10,000.

Location, north side of Tyler Street, between Taylor and Jones. Rev. THOMAS N. CUNNINGHAM, D.D., Pastor; residence, 1817 Sacramento Street.

This church was organized May 14, 1865, with fifty-three members. At present it has on its roll the names of about four hundred, and is rapidly increasing. In the summer of 1865, the congregation erected an edifice on Mission Street, between Fifth and Sixth, where they worshiped until the summer of 1869, when a second house of worship was completed and formally dedicated to the service of God on Sunday, November 28, 1869. The building, furniture, etc., exclusive of the lot, cost about $25,000. The Rev. John G. Fackler, through whose labor the congregation was gathered, officiated from April, 1866, until the present Pastor took charge in November, 1870. The congregation and Sabbath School increasing so rapidly, it was determined to sell this edifice, which was done in the month of August, 1872, to the Central Methodist Episcopal Church, who removed the building to their lot on Mission Street, between Sixth and Seventh, paying $7,500 for the building and furniture. The organ was sold to the Presbyterian Church of San José. In September, 1872, the contract for the present building, called the "Central Presbyterian Tabernacle," was signed, and the work commenced to erect a building which is free to all persons, and completed in 1873. The building is an octagon shape, surmounted by a dome from which suspends a sunburner which is the only light used. The walls are handsomely frescoed and contain appropriate mottoes from the "Beatitudes." A splendid organ fills up the entire east wall. The basement is divided into lecture room, two class rooms, kitchen (used at the social meetings of the congregation), study, and library.

The present dimensions of the Cathedral not being sufficiently large for the vast congregation that attends it, it is intended to add about thirty feet more to its length. An archi-episcopal and pastoral residence on California Street as also a beautiful and spacious baptistry, have been recently erected.

Attached to the Cathedral is a large day school for boys.

St. Francis' Church.

Location, north side of Vallejo Street, between Dupont and Stockton. Rev. J. F. HARRINGTON, Pastor; Rev. A. Garriga and Rev. J. Valentini, Assistants. Pastoral residence, 519 Green Street.

This church was organized by Very Rev. Anthony Langlois, in the spring of 1849, through whose efforts a commodious frame building was erected in the month of December, 1849, and was the first Roman Catholic Church organized in San Francisco. Its ground base was forty by one hundred feet, one story in hight. During the year 1859-60, a large and commodious church was erected, which was dedicated on the seventeenth of March, 1860. Its design is of the Gothic order, prevalent in the fourteenth century, presenting an illustration of the Christian architecture of that period. The principal features of this imposing structure are the towers, which project beyond the body of the church, and present in the elevation four divisions, rising to a hight of ninety feet from the ground. The entrance porch, or vestibule, has two side aisles, a semi-octagonal sanctuary, and two sacristies, and is approached by a flight of ten steps, ascending to the vestibule, from which, at each side, are entrances to the galleries and baptistry, and in front are the pointed arched doorways which lead to the nave and aisles. In the contral space between the towers are the three doorways communicating with the vestibule, and thence with the interior. Over the central door there is a large and elegant three-compartment window, and in the gable a highly decorated rose window. Over each side door there is a lofty and spacious niche, which rises from richly molded brick corbels; there are also three marble panels with appropriate inscriptions, recessed in the brick work immediately over the doorway and gable; the work is finished with a massive and richly decorated cross.

The interior of this building has lately been completed in the florid Gothic style. Its symmetrical proportions are admired by all the lovers of architecture, and pronounced to be the most correct, and ranks now among the most elegant buildings in San Francisco.

The east and west sides of the structure are divided by buttresses into eight spaces, in each instance, seven of which contain the large, pointed arched windows which light the church. Beneath the floor of the church there is a large, well-lighted basement, which is used as a school-room, and also as a place of meeting for the parishioners. The extreme dimensions of the building are sixty-six feet front by one hundred and thirty-seven and one half feet in depth; from the floor to the foot of the rafters is thirty-five feet, and from the floor to the apex of the ground arches is fifty-six feet. Cost over $100,000.

This church, founded by the Rev. John Maginnis in 1851, was originally located on the corner of Market and Annie streets, where the congregation worshiped, and a large and flourishing Sunday School was maintained until the early part of 1872, when the present commodious edifice was completed. The interior of the new church is a vast space of eighty feet in width by one hundred and sixty in length, and seventy-five feet high, to the crown of the ceiling of the nave. The nave comprises the main hall, which is forty-four feet in width, and on each side are aisles of eighteen feet in width, separated from the nave by rows of sixteen fluted columns, eight on a side, from which spring the upper walls of the main building. The ceiling is a succession of groined arches, and is beautifully frescoed in a ground of blue. The light is ample, there being thirty-six large windows in the wings and tier, and five in the chancel, all filled with stained glass. The windows of the chancel—which have not yet arrived from Munich—will represent St. Patrick, as a center piece, with the four Evangelists. Rows of niches are in the walls, between the windows, twelve of the most conspicuous of which hold statues of the twelve Apostles.

A mammoth organ, which is intended to be the largest on the coast, is now making in Germany, and will soon be placed in the church. The lofty belfry, one hundred feet from ths ground, will contain a chime of bells, the present to the church of Peter Donahue, Esq. The total cost of this great structure is about $175,000. At this date St. Patrick's is the largest and most costly church edifice in the State, and its lofty spire, supporting a large cross richly gilded with gold, two hundred and forty feet high, is one of the most conspicuous objects in the city.

UNITARIAN.

First Unitarian Church.

Location, south side of Geary Street, between Dupont and Stockton. Rev. HORATIO STEBBINS, Pastor; residence, 16 Ellis Street.

This church was organized September 1, 1850. The first edifice owned by them was erected in 1852, on Stockton Street, between Clay and Sacramento. The first regular Pastor, the Rev. Joseph Harrington, arrived August 27, 1852, and died November 2 of the same year, of Panama fever. The second regular Pastor, Rev. F. T. Gray, arrived June, 1853, and left in June, 1854, and died in Boston in February, 1855. The third regular Pastor, the Rev. R. P. Cutler, arrived August 31, 1854, and continued his ministrations without intermission until June 1, 1859, at which time he resigned his charge and left for New York. The Rev. John A. Buckingham then officiated as temporary Pastor until April 5, 1860. The Rev. Thomas Starr King arrived here with his family April 28, 1860, and commenced his ministrations the following day (Sunday) before one of the largest congregations ever assembled in this city.

During the period of Mr. King's ministry, the society extinguished a long standing debt of $20,000, and erected a new church on Geary Street near Stockton, at a cost of $115,000, all of which has been paid. It is one of the most beautiful structures our city contains, and is remarkable for the purity of its architectural design and its interior beauty.

Upon the death of Thomas Starr King on the 4th of March, 1864, Rev. Dr. Henry W. Bellows, of All Saints Church, New York, President of the Sanitary Commission, and one of the most distinguished and influential ministers of the denomination, responded to an earnest call from the society, and left New York within a few weeks to fill the pulpit thus vacated, for a period of six months.

The Rev. Horatio Stebbins, of Portland, Maine, who had received an unanimous call from the society became the permanent Pastor the following September. Since then the society has enjoyed its accustomed prosperity.

The pews of the church are not owned by individuals, but belong to the society whose organic laws require that they shall be rented annually at auction to the highest bidder. A clause in the New Constitution of the society provides that the property shall never be pledged, mortgaged, or incumbered for any purpose whatever.

There is connected with the society an organization for charitable purposes, called the Samaritan Association.

The edifice is an ornament to the city, a marked feature of the enterprise and foresight of the Board of Trustees. BRITISH BENEVOLENT SOCIETY OF CALIFORNIA.—Rooms, No. 730 Montgomery Street.

This society was organized in 1865, for the purpose of affording relief to sick and destitute members and persons who were subjects of Great Britain at the time of their birth, and of promoting the social and intellectual improvement of its members. Between twelve and thirteen hundred men have been admitted to membership, and there are now some two hundred and sixty paying members, including thirteen life members on the rolls. In May, 1867, the association was completely reorganized and incorporated, and a constitution adopted, containing several admirable features, and, among others, provisions for free lectures, debates, and social concerts. From the time of its formation the affairs of the society have been carefully and judiciously managed, and its charity dispensed with prudent liberality. It has uniformly coöperated with the San Francisco Benevolent Association, St. Andrew's Society, and other societies, and through its agency their burden has been greatly lightened, many hundreds of sick and destitute men, women, and children, effectively relieved, and a large number provided for with employment. The relief given is, for the most part, temporary; and, at present, under the new system adopted by the Board of Relief, averages $5.26 per case. During the year ending April 30, 1883, the smallest number of applications for any one month was ninety-six, and the smallest amount expended $161.80; the largest number of applications during the same period was two hundred and sixty-one, for the month of July, involving an expenditure of $311.20. For the year terminating April 30, 1873, the total number of persons assisted was eight hundred and twenty-nine, and the total amount expended $4,367.63. The introduction of various literary and social features, and the opening of a correspondence throughout this and the adjoining States and Territories, it is confidently expected, will largely add to the usefulness of the institution, which has already attracted the marked admiration of the people of San Francisco. The Board of Relief is in attendance daily from ten o'clock A.M. to one o'clock P.M. The regular meeting is held on the first Monday evening of each month, at eight o'clock.

GERMAN GENERAL BENEVOLENT SOCIETY OF SAN FRANCISCO (styled in German, Die Allgemeine Deutsche Unuerstuetzungs, Gesellschaft).—Is one of the largest and most efficient charitable institutions in this State. It was organized on the seventh of January, 1854, with one hundred and five members, and has rapidly increased, until now it numbers two thousand, one hundred and thirty-one city members, and two hundred and ten in the interior.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. The society has a hospital situated on Brannan Street near Third, built of brick, two stories high, with a basement, one hundred and twelve and one half feet front, fifty feet deep, with a wing in the rear of twenty-three feet front, two hundred and twelve feet deep, furnished with steam, sulphur, hot and cold water, and shower baths, and other conveniences for the treatment of the sick. The wards are smaller than any other hospital in the city, so that not many patients are put together in a room. The lot upon which the hospital is built is one hundred and thirty-seven feet six inches wide by two hundred and seventy-five feet long, the whole surrounded by a high fence and cultivated in a fine garden, a part planted with ornamental flowers and shrubs, and a part with kitchen vegetables. The property of the society, including the lot and hospital buildings, is worth about $60,000, and a lot recently purchased, bounded by Sanchez, Noe, Dale, and Vale streets, valued at $12,000. The revenue of the society amounted, in 1873, to $32,150.05, derived chiefly from a monthly assessment of one dollar levied on each member. The expenses of the same year amounted to $31,300.05.

The office is at 732 Washington Street, where the principal agent, Julius Barckhausen, can be found from eight o'clock A.M. to five o'clock P.M., on week days. dent; Mrs. S. H. Willey, Vice-President; Mrs. A. E. Warren, Secretary; Mrs. Boring, Treasurer; Mrs. R. H. Waller, Mrs. C. V. Gillespie, Mrs. Taylor, Mrs. Joice, Mrs. A. Dubbs, and Mrs. O. C. Wheeler, Managers; Charles Gilmore, D. L. Ross, and S. Franklin, Trustees.

It originally occupied the building on the corner of Second and Folsom streets, owned by Gen. H. W. Halleck, whence they removed the children in March, 1854, to the present building, corner of Laguna and Haight streets just then completed, at a cost of $30,000. This house built, of stone and brick, expressly for the purpose, is highly creditable to the institution, as one of the noblest monuments of San Francisco benevolence. During the years 1862-3, a large and convenient addition was made to the present building, at an expense of $30,000, which, together with the main building, will accommodate two hundred and fifty children. As a compliment to the Sansom Hook and Ladder Co., who, upon disbanding, donated to the asylum the building and lot owned by them, the new addition is called the "Sansom Wing." The number of children under the care of the asylum, January 1, 1874, was one hundred and sixty-two.

Officers.—Mrs. Ira P. Rankin, President; Mrs. R. J. Vandewater, Vice-President; Mrs. H. H. Haight, Treasurer; Mrs. F. MacCrellish, Secretary; S. R. Throckmorton, Henry H. Haight, James Otis, D. O. Mills, and — Raymond, Trustees. Mrs. H. P. Evans, Matron; Miss Sarah P. Kidder and Miss Alma Ritchie, Teachers; Benjamin R. Swan, Physician.

ORPHAN ASYLUM (ROMAN CATHOLIC).—Organized March 23, 1851. In July of the same year the erection of a wooden edifice was commenced, and completed the following September. It was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of the Rev. John Maginnis.

On August 18, 1852, the asylum was taken in charge by the Sisters of Charity. In 1854 a capacious brick building was erected on Market Street, near Third, at a cost of $45,000. In 1864 an additional brick edifice was erected for a school, which was attended by several hundred day scholars.

In 1862 a farm of fifty-three acres, near Bay View, South San Francisco, was purchased, where there has been established a branch institution for very young children, called the St. Joseph's Infant Asylum. On this same tract of land there has been recently erected a large and commodious wooden edifice with all the modern conveniences, to which the children have been removed from the Market Street Building, which property was sold in June, 1872. The present building is beautifully located on a hill, commanding an extensive view of the surrounding country. It covers an area of two hundred and four by two hundred and eighty-two feet, including an open center court, measuring eighty by one hundred and forty-four feet. It will accommodate about eight hundred children.

It is a source of gratification to behold the consoling appearance presented by the several hundred little ones now provided for in the institution, which speaks audibly of the benign influence of the guardian sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless.

SAN FRANCISCO FEMALE HOSPITAL.—This hospital was opened for the reception of patients on the first day of April, 1868. The object of the institution is the care of poor, sick women. There is no rule as to the nativity, religion, or social condition. It is a charity in the broadest sense of the term. Any woman who is poor and sick is entitled to share its benefits. It is a general hospital for all diseases, and for lying-in. During the six years it has been open, there have been over five hundred births; of the whole number of births over fifty per cent. have been illegitimate, showing conclusively the need of such an institution; as, if it were not for this hospital, the probabilities are that the greater number would have shared the fate of so many thousands of innocents murdered in their mother's womb. There have been besides a large number of patients admitted for general disease. During the existence of the hospital there have been but twenty-eight deaths, mostly from that scourge of our race—consumption. There have also been a very large number of outside patients treated, the physician and surgeon being in attendance every morning from ten to eleven o'clock to treat any poor persons who may come. It was supported by voluntary contributions until 1870, when the State appropriated $5,000 a year for its support. The surgical department is under the care of Dr. C. T. Deane. The hospital is located on the corner of Prospect Place and Clay Street.

Officers—Mrs. John S. Bugbee, President; Mrs. Dr. George Bucknell, Vice-President; Mrs. Theo. Smith, Secretary; Mrs. David Conkling, Treasurer.

SAN FRANCISCO LYING-IN HOSPITAL AND FOUNDLING ASYLUM.—Incorporated April, 1868,

for the care, protection, and proper treatment of respectable married and unprotected single women, with their offspring, together with all other children that may be left in infancy by outside parties. Said children will be considered foundlings.

The Trustees design to make this institution in the highest degree respectable and efficient, and available to women throughout every county in the State, regardless of religion, sectarianism, or nationality, whether in poverty or affluence. Those who have the ability to pay, will be required to do so in proportion to their means, and this sum will be placed in the treasury to aid those less favored by fortune. It is expected that the institution will be supported by receipts from patients, donations, and contributions from different sources, appropriations by the City and State governments, and in time, by bequests, legacies, etc. It is a special hospital, and for the specialties for which it was organized, affords facilities not to be found elsewhere on this coast. No two patients occupy the same room at the same time. No cases of disease are admitted for treatment. It is therefore expected that it will be kept free from erysipelas and other contagious diseases that become the bane of lying-in wards connected with general hospitals. It is thoroughly ventilated, and will afford all the comfort that is to be found in the best conducted homes, and free from all intrusion. Competent nurses are in attendance day and night.

For the two years ending December 31, 1873, the receipts amounted to $10,531.13, and the expenses $11,181.21; one hundred and forty-one children were born in the institution, and ninety-four others left at the door, making in all two hundred and thirty-five children. The beneficiaries were from all parts of the State, more than one half being from the interior.

We Decided Last Month to

accept no more orders fro any except our regularly ap pointed agents until we ge caught up. Those wh handled our goods last year, and who sell our wheels exclusively, also thos who contracted early and had confidence enough in us to place orders, will b given preference. Others we will do our best to take care of.

We wish to thank our friends and customers for their patience and kind ness, shown by waiting so long and patiently for our wheels. To those wh haven't bought we wish to say that we have got the stock to

Make More Bicycles,

and are now building wheels enough, w think, to take care of our trade during th summer and fall months, which, by th way, are the very best months of the whol year for touring and pleasure riding. To those who want bicycles

For Summer and Fall Trade,

we shall, we think, be able to supply promptly.

We Sell Bicycles on Installments

MADE BY THE

Clipper Bicycle Co.

To you who didn't buy **New Clippers,** and are **not satisfied** with what you **did** get, we want **you** to ask New Clipper riders about our wheels; we want you to learn all you can about us. Try one of our wheels, any of them, they're **all** good, and if you don't think they are worth the price we ask, we'd like to know the reason.

If any New Clipper rider is dissatisfied with his mount, we'd like to hear from him. Watch our **Business Bicycles;** they are liable to cut some ice in '96.

N. E. Cor. Montgomery, *SAN FRANCISCO.*

MANUFACTURER OF

Browell's Vitrified Sewer and Water Pipes,

ARE OF CALIFORNIA MANUFACTURE, equal to the best English or Scotch manufactures, and superior to any made in the Eastern States. They are used extensively in the East, and in Europe and are the only authorized Pipes allowed to be used by the Board of Health in England for sanitary purposes. Their superiority over all other pipes has been confirmed by half a century's experience, for the following reasons: they are strong; are light and easily handled; do not corrode or decay; rats cannot burrow into them; and acids have no effect on them.

As these Pipes are indestructible, they can be readily shipped to any part of the State without danger of breakage.

Also, Fine Terra Cotta FOUNTAINS, VASES, FANCY FLOWER POTS, GARDEN EDGING, CHIMNEY TOPS, ARCHITECTURAL ORNAMENTS, etc., of pure California make.

For sale all kinds of Stone Ware, Drain Pipe, Bends, Elbows, Junctions, Closet Pans, Urinaries and Sinks of every description; also, Fire Clay Pipes, for lining Chimney Flumes, etc., etc.

Also, Manufacturer and Wholesale Dealer in every variety of Stove and Range Linings, superior to any of Eastern manufacture.

I am likewise prepared to contract for the construction of Sewers, Water Pipes, for private use or for irrigating purposes, in any part of the State.

A SILVER MEDAL was awarded to J. BROWELL, by the Committee of the Eighth Industrial Exhibition of the Mechanics' Institute, for the best Vitrified Sewer and Water Pipes.

Work warranted and prices reasonable.

BROWELL'S
Salamander Chimney Stacks.

PATENTED APRIL 1, 1873.

No Danger, No Repairing, No Dirt, No Trouble, Perfect Ventilation. Cheap, Light, Portable, Fire-proof, Earthquake-proof.

The inventor of these complete Chimney Stacks is satisfied that he is offering to the public something that will be appreciated by every householder. They are particularly well adapted for the ventilation and heating of Churches, Schoolhouses, Theaters, and all kinds of public or private buildings. So universal is their application that they can be readily set on any fire-place, or outside of brick or frame buildings; in fact, they may be placed in any part of the house with perfect safety, without going to the foundation. Can also be applied to cooking stoves, ranges, blast furnaces, pottery kilns, etc.

This improvement consists in constructing the chimney or stack of sections of fire-clay, earthenware, cement, or artificial stone, and surrounding said chimney with a metallic tube larger than the chimney, in order to provide the necessary ventilation for keeping the inner pipe cool, and for furnishing warm air to the rooms of the house. It also consists of a novel arrangement for binding the sections together in their upright position, and for fixing and protecting the joints where they meet.

By constructing chimneys in the above manner, all trouble about burning or wearing out is entirely avoided. They can be transported readily to any part of the State, and put in place by any mechanic. Their adoption has been recommended by leading architects in San Francisco and throughout the State, and by Fire Insurance Companies generally.

State and County Rights for Sale in every State and Territory, except California. Apply by letter or in person to the patentee,

AMERICAN

DOUBLE TURBINE WATER WHEELS

SPHERICAL and HORIZONTAL FLUMES,

The Largest Quartz Mill in the World driven by Leffel's Double Turbine on a Horizontal Shaft.

MESSRS. LEFFEL & MYERS, Salem, Oregon— VIRGINIA CITY, NEV., February 15, 1873.

Gents—In our Eureka Mill, on the Carson River, we have one of your Leffel Wheels, 52 inches in diameter placed on a horizontal shaft. The head is 38 feet. We use 8,000 cubic feet of water per minute. The wheel yields over 400 horse power, and has run constantly since the mill was started, giving us no trouble, and at all times perfectly at our command. The mill has 60 stamps, 950 pounds each, 26 pans, 14 settlers, 8 amalgamators, and all the necessary machinery for a gold and silver mill. It also pumps the water to supply the mill pans, etc., etc., and elevates the ore a height of 50 feet, on an incline of one foot to the rod. The immense power of the wheel at various times, has broken a 5-inch shaft in different parts of the mill, but no serious trouble has been experienced, as the wheel is worked at so near its maximum velocity, that an instant demand or relief of power does not seriously affect the velocity of the wheel. We crush from 180 to 200 tons of rock per day. We consider the Leffel Wheel far superior to any other Wheel in use, and as lately arranged on a horizontal shaft, superior to the upright. We have had much experience with overshots, as well as various turbines. In our opinion, the Leffel takes the lead. All things considered, it has no equal. We therefore cheerfully recommend your Wheels to all using water power.

A. M. EDGINGTON, Gen. Supt. Union Mill Co.
W. R. KING, Supt. Eureka Mill.

The above Company have recently purchased another 52-inch Wheel.

Having established ourselves in this city, we will give personal attention to our business, and thereby hope to give better satisfaction than we have been able to give heretofore through agents. We will also do a commission business in

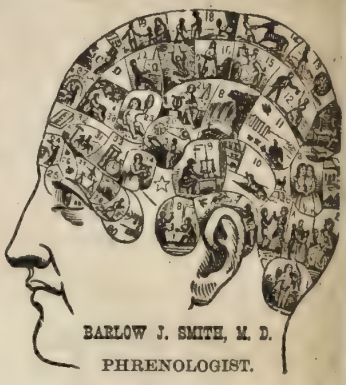
DR. BARLOW J. SMITH'S

ALLO-HYGIENOPATHIC



MEDICAL AND

PHRENOLOGICAL

INSTITUTE,

Nos. 635 and 637 California St., San Francisco,

Directly opposite St. Mary's Cathedral,
between Kearny and Dupont Sts.

BARLOW J. SMITH, M. D.
PHRENOLOGIST.

This is the only regular Water Cure where the principles of Allopathy are combined with Hygiene in the cure of disease in San Francisco, and by far the most extensive and complete Reform Medical Institute on the Pacific Coast.

GREAT REDUCTION IN PRICES.

We now give patents four weeks' Hygienic and Medical treatment, with Board and Room, from $60 to $80 per month (in ordinary cases). Board, $6 per week; with Room, from $7 to $10. MEDICAL BATH from 50 cents to $1 each, or twelve for $10; twenty for $15.

There is not one man in twenty suffering from Rheumatism, Dyspepsia, Drug or Secondary Disease Spermatorrhœa or Seminal Weakness, that cannot be permanently cured by one month's Water Cure an Allo-Hygienopathic treatment, for one-half it commonly costs where drugs alone are depended on.

Where there is a fair constitution left, we never fail to cure the following diseases: Chronic, Inflam matory and Mercurial Rheumatism; Paralysis; Lung, Bronchical and Catarrh Affections; Diseases of th Heart, Kidneys, Liver, Dyspepsia, Constipation, Erysipelas, Scrofula, Piles, Inflammation of the Bowel Chronic and Acute Diarrhœa, and all the diseases and weakness peculiar to males and females, in from fou to six weeks.

It is the height of folly for men suffering from Rheumatism, Neuralgia or Gout, to expect to be pe manently cured by the use of drugs. In eight cases out of ten that we have treated in this Institute durin the past fifteen years, they have been caused by drug-taking. And not a case of Dyspepsia, Nervous General Debility can be found that has been cured by these physicians who merely practice drug medici tion.

Impotency is mainly due to exclusive drug medication, and not a single case can be overcome witho the aid of Hygienic Medication. Not a case of SEMINAL weakness can be cured without Hygienic Di and the Electro-Hygienic medicine combined.

INTELLIGENT MEN are daily losing confidence in exclusive drug medication, and are gainin more confidence in Hygiene and Nature in the preservation of health and the cure of disease.

There is a growing demand among intelligent men and women, young and old, for more knowledge i regard to the laws of Mind and Body, Health and Disease, and the means by which they are preserved.

And to this end we give Free Public Lectures in our Hygiene Hall every Friday Evening, and invi all who are interested.

We separate the Medical Department for Ladies, which is attended by a thoroughly competent woma while the private residence of Dr. Smith, which is connected with the Home, is chiefly devoted to the a commodation of Ladies desiring Hygienic treatment.

There is no one female in twenty that has been suffering from Nervous Debility, or diseases peculia to their sex, that cannot be permanently cured by spending four to six weeks at our Home. This statemen in confidence, from our experience and observation in the last twenty years, and from the many who hav been treated at our Home and elsewhere, and we have yet to learn of a single regret from husband or wife time or means they have expended in Hygienic Medication. If the females of this State could be mad aware of the healthful advantages of this Hygiene Institute over the system of poisonous drug-taking, w could not accommodate one in twenty who would seek admission.

It is the height of folly and the poorest of economy for women to suffer and to remain partially bed ridden as they do for months and years when they can be made well and happy by a few weeks' treatmen at our Institute. Our prices are $20 by the single week, or six weeks for $100, for Ladies, with board, roo and treatment.

DR. B. J. SMITH invites all who are coming to San Francisco this season for the purpose of obtai ing medical aid to call at this Hygiene Home Water Cure and Phrenological Institute, Nos. 635 and 6 California Street, and avail themselves of an examination through Phrenology in regard to their healt free of charge.

Dr. J. H. TUFFORD,

Formerly of Cincinnati, Ohio, has charge of the Medical Department, and will, in connectio with DR. SMITH, examine and consult with ladies and gentlemen, in regard to Health, FREE OF CHARGE, from 9 A. M. to 8 P. M.
